2.1.5 Statutory Auditors

The annual statutory consolidated financial statements of the Issuer for the financial years ended 31 December 2019, 2020 and 2021 have been audited by Grant Thornton Malta. Grant Thornton Malta (accountancy board registration number AB/26/84/22) is a firm registered as a partnership of certified public accountants holding a practicing certificate to act as auditors in terms of the Accountancy Profession Act, 1979 (Chapter 281 of the laws of Malta).

2.2 What is the key financial information regarding the Issuer?

The key consolidated financial information regarding the Issuer is set out below:

	FY2021 Audited	FY2020 Audited	FY2019 Audited
Income statement			
Operating Profit for the Year (€'000)	18,858	18,334	19,797
Interest Cover Ratio	2.01x	3.97x	4.04x
Balance Sheet			
Net Financial Debt (€'000)	69,991	66,904	81,627
Current Ratio	0.35x	0.89x	0.43x
Cash Flow Statement			
Cash Flows for Operating Activities (€'000)	13,649	19,524	18,776

2.3 What are the key risks specific to the Issuer?

The most material risk factors specific to the Issuer which may negatively impact the operations and financial position of the Issuer should the circumstances mentioned therein materialise are set out below:

2.3.1 Risks relating to the Group and its business

Until such time when the Medina Tower project and the Palm Waterfront project are fully developed and launched on the market, the Issuer will continue to be solely dependent on the business prospects and operating results of PCL, including, therefore, reliance on PCL to service and repay its debt securities. Accordingly, the timely payment of interest payable by the Issuer on its debt securities could be negatively conditioned by unforeseen adverse circumstances affecting the operations of PCL which could significantly impinge on PCL's cash flow. The operations of PCL and its operating results are subject to a number of factors that could adversely affect the Group's business and financial condition, some of which are beyond the Group's control.

2.3.2 Risks relating to the political, economic and social environment in Libya

Whilst the Issuer and PCL are registered in Malta, the assets, operations, business interests and activities of PCL are located and conducted in Libya through a branch. Accordingly, the Group is susceptible to the political and economic risks that may, from time to time, influence Libya's prospects. Any unexpected changes in the political, social, economic or other conditions in Libya may have an adverse effect on the operations and financial results of the Group and on any investments made by the Group.

2.3.3 COVID-19 pandemic and possible similar future outbreaks

The ongoing COVID-19 pandemic and any possible future outbreaks of viruses may have a significant adverse effect on the Issuer and the Group. A spread of such diseases amongst the employees of the Group, as well as any quarantines affecting the employees of the Group or the Group's facilities, may reduce the possibility of the Group's personnel to carry out their work effectively and thereby affect the Group's operations. Furthermore, the current pandemic and any possible future outbreaks of viruses may have an adverse effect on the Group's suppliers and/or transportation companies, resulting in a deficit of production inputs necessary for the Group to carry out its operations.

3 KEY INFORMATION ON THE BONDS

3.1 What are the main features of the securities?

The key features of the Bonds are set out below:

Each Bond forms part of a duly authorised issue of 5.25% unsecured bonds 2027 of a nominal value of €100 per Bond issued by the Issuer at par up to the principal amount of €30,000,000. The Issue Date of the Bonds is expected to be 5 July 2022. The Bond Issue is guaranteed by CPHCL.

The currency of the Bonds is Euro (€).

Subject to admission to listing of the Bonds to the Official List, the Bonds are expected to be assigned ISIN: MT0000371303.

The Bonds are redeemable on 6 July 2027. The Bonds shall bear interest from and including 6 July 2022 at the rate of 5.25% per annum on the nominal value thereof, payable annually in arrears on each Interest Payment Date. The first interest payment will be effected on 6 July 2023 (covering the period 6 July 2022 up to and including 5 July 2023).

The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall be guaranteed jointly and severally by the Guarantor in respect of both the interest due and the principal amount under said Bonds. The Bonds shall at all times rank *pari passu*, without any priority or preference among themselves and with other outstanding and unsecured debt of each of the Issuer and the Guarantor, present and future, save for such exceptions as may be provided by applicable law.

The minimum subscription amount of Bonds that can be subscribed for by Applicants upon subscription is €5,000, and in multiples of €100 thereafter.

There are no special rights attached to the Bonds other than the right of the Bondholders to payment of interest and capital, seeking recourse from the Guarantor pursuant to the Guarantee in case of failure by the Issuer to pay any sum payable by it to Bondholders, and in accordance with the ranking specified in the Prospectus.

The Bonds are freely transferable and, once admitted to the Official List, shall be transferable only in whole (in multiples of €100) in accordance with the rules and regulations of the MSE applicable from time to time. The minimum subscription amount of €5,000 shall only apply during the Issue Period and the Intermediaries' Offer (if it takes place). As such, no minimum holding requirement shall be applicable once the Bonds are admitted to listing on the Official List of the MSE and commence trading thereafter, subject to trading in multiples of €100.

3.2 Where will the securities be traded?

Application has been made to the Malta Stock Exchange for the Bonds being issued pursuant to the Prospectus to be listed and traded on its Official List. The Bonds are expected to be admitted to the Malta Stock Exchange with effect from 5 July 2022 and trading is expected to commence on 6 July 2022. Dealing may commence prior to notification of the amount allotted being issued to Applicants.

3.3 Is there a guarantee attached to the securities?

The Bonds are guaranteed by the Guarantor, CPHCL Company Limited (C 257). The Guarantor guarantees the due and punctual performance of all the obligations undertaken by the Issuer under the Bonds and, without prejudice to the generality of the foregoing, undertakes to pay all amounts of principal and interest which have become due and payable by the Issuer to Bondholders under the Bonds, within sixty (60) days from the date such amount falls due and remains unpaid by the Issuer.

3.3.1 Domicile And legal form, LEI and country of incorporation of the Guarantor

CPHCL Company Limited is a company registered under the laws of Malta with company registration number C 257 and having its registered office at 22, Europa Centre, John Lopez Street, Floriana FRN 1400, Malta. Its LEI number is 529900HIX50FN8L8JK88.

The Guarantor is the parent company of the Corinthia Group and is principally engaged, directly or through subsidiaries and/or associated entities, in investments that are predominantly focused on the ownership, development and operation of mixed-use real estate developments that consist mainly of hotels, residences, offices, retail and commercial areas, as well as industrial and event catering, in various countries.

3.3.2 Key financial information of the Guarantor

The key financial information regarding the Guarantor is set out below:

	FY2021 Audited	FY2020 Audited	FY2019 Audited
Income statement			
Operating Profit (Loss) for the Year (€'000)	4,000	(4,823)	15,273
Balance Sheet			
Net Financial Debt (€'000)	71,049	68,258	76,101
Current Ratio	2.43x	3.63x	4.00x
Cash Flow Statement			
Cash Flows for Operating Activities (€'000)	3,860	(2,682)	(14,528)

3.3.3 Key risks specific to the Guarantor and the Corinthia Group

CPHCL has a long trading history in mixed-use real estate developments that consist principally of hotels, residences, offices and retail areas. Severe competition in certain countries and changes in economic and market conditions could adversely affect CPHCL's business and operating results. With respect to the Corinthia Group's operations in Russia, including, *inter alia*, as a result of the current conflicts between Russia and Ukraine, an investment in the Bonds carries the risk that, as a result of the said current political and military tensions between Russia and Ukraine, and the resulting economic sanctions imposed on Russia, as well as those imposed by Russia, the general economic conditions in Russia where the Corinthia Group carries out part of its business could be adversely impacted. The Guarantor's prospects should be considered in the light of the risks and the difficulties generally encountered by companies operating in a mixture of mature and stabilised markets coupled with new and rapidly developing markets.

3.4 What are the key risks that are specific to the Bonds?

The most material risk factors specific to the Bonds are set out below:

- i. There can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. There can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price, or at all.
- ii. Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.
- iii. The Bonds shall, at all times, rank *pari passu* without any priority or preference among themselves and with other outstanding and unsecured debt of each of the Issuer and the Guarantor, present and future, if any, save for such exceptions as may be provided by applicable law. Subject to the negative pledge clause set out in the Securities Note, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect, which registration may further impede the ability of the Bondholders to recover their investment upon enforcement of such security interests, whether in full or in part.
- iv. The strength of the undertaking on the part of the Guarantor pursuant to and in terms of the Guarantee and, therefore, the level of recoverability by the Bondholders from the Guarantor of any amounts due under any of the Bonds, is dependent upon and directly linked to the financial position and solvency of the Guarantor.

4 KEY INFORMATION ON THE OFFER OF THE BONDS AND ADMISSION TO TRADING

4.1 Under which conditions and timetable can I invest in these Bonds?

As regards preferred allocations, Maturing Bondholders applying for Bonds may elect to settle all or part of the amount due on the Bonds applied for by the transfer to the Issuer of Maturing Bonds at par value, subject to a minimum Application of €5,000 in Bonds. Maturing Bondholders electing to subscribe for Bonds through the transfer to the Issuer of all or part of the Maturing Bonds held by them as at the Cut-off Date (including any Cash Top-Up necessary as stated above) ("Maturing Bond Transfer") shall be allocated Bonds for the corresponding nominal value of Maturing Bonds transferred to the Issuer (including Cash Top-Up, where applicable). Bonds applied for by Maturing Bondholders by way of Maturing Bond Transfer as described above shall be allocated prior to any other allocation of Bonds. A Maturing Bondholder wishing to apply for a number of Bonds exceeding in value the aggregate nominal value of Maturing Bonds held by him/her/it as at the Cut-off Date (including Cash Top-Up, where applicable) may subscribe for such additional Bonds.

- i. first to Maturing Bondholders applying for Bonds by way of Maturing Bond Transfer (and subject to any Cash Top-Up as and if applicable), and subject to a minimum application of €5,000. In the event that the aggregate value of the Applications received from Maturing Bondholders transferring all or part of the Maturing Bonds held by them as at the Cut-off Date through Maturing Bond Transfer (including Cash Top-Up, where applicable) is in excess of €30,000,000, the Issuer (acting through the Registrar & Manager) shall scale down each Application received such that the Bonds shall be made available for subscription to such Maturing Bondholders, *pari passu*, without priority or preference between them in accordance with the allocation policy to be determined by the Issuer;

- ii. the balance of the Bonds not subscribed for by Maturing Bondholders limitedly by means of a Maturing Bond Transfer (and subject to any Cash Top-Up as and if applicable), if any, shall be made available for subscription to: (A) Maturing Bondholders in respect of any additional Bonds applied for other than by Maturing Bond Transfer exceeding in value the aggregate nominal value of Maturing Bonds held by them as at the Cut-off Date and (B) Existing MIH Bondholders, *pari passu*, without priority or preference between them and in accordance with the allocation policy as determined by the Issuer; and
- iii. in the event that following the allocations made pursuant to paragraphs (i) and (ii) above there shall still remain unallocated Bonds, the Issuer shall offer such remaining Bonds to Authorised Intermediaries through an Intermediaries' Offer. Subscription agreements received from Authorised Intermediaries through an Intermediaries' Offer, if any, shall be allocated without priority or preference.

In the event that the Bond Issue is subscribed for in full by Maturing Bondholders and/or by Existing MIH Bondholders, as the case may be, in terms of paragraphs (i) and/or (ii) above, the Intermediaries' Offer shall not take place.

4.2 Why is this Prospectus being produced?

4.2.1 Use of proceeds

The proceeds from the Bond Issue, which net of Bond Issue expenses are expected to amount to approximately €29,500,000, will be used by the Issuer for the redemption of part of the outstanding amount of the Maturing Bonds remaining in issue as at 6 July 2022, being the date of redemption of the Maturing Bonds as determined by the Issuer and duly notified to Maturing Bondholders. As at the date of the Prospectus, the aggregate value of Maturing Bonds in issue stands at €40,000,000.

The residual amount required by the Issuer for the purpose of the use specified above, that is, the redemption of the balance of the outstanding amount of the Maturing Bonds, which shall not be raised through the Bond Issue shall be financed from the Group's own funds, including bank facilities. In the event of the Issuer securing and making use of such bank facilities for the purpose contemplated herein, the Issuer shall make available to the market the necessary information in connection with such third-party financing through a company announcement.

In the event that the Bond Issue is not fully subscribed, the Issuer will proceed with the listing of the amount of Bonds subscribed for and the proceeds from the Bond Issue shall be applied for the purpose set out above.

4.2.2 Underwriting

The Bond Issue is not underwritten.

Save for the possible subscription for Bonds by Authorised Intermediaries (which include the Sponsor and the Registrar & Manager) and any fees payable to M.Z. Investment Services Limited as Sponsor and to Bank of Valletta plc as Registrar & Manager in connection with the Bond Issue, so far as the Issuer is aware no person involved in the Issue has an interest material to the Bond Issue.

2.1 Forward-looking statements

The Prospectus and the documents incorporated therein by reference or annexed thereto contain forward-looking statements that include, among others, statements concerning the Issuer's and/or Guarantor's strategies and plans relating to the attainment of their respective objectives, capital requirements and other statements of expectations, beliefs, future plans and strategies, anticipated developments and other matters that are not historical facts and which may, accordingly, involve predictions of future circumstances.

Prospective investors can generally identify forward-looking statements by the use of terminology such as "may", "will", "should", "expect", "intend", "plan", "estimate", "anticipate", "believe", "forecast", "project" or similar phrases. Such forward-looking statements are inherently subject to a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer's and Guarantor's control. Important factors that could cause actual results to differ materially from the expectations of the Issuer's and Guarantor's directors include those risks identified under the heading "Risk Factors" and elsewhere in the Prospectus.

The Issuer cautions prospective investors that these forward-looking statements are subject to risks and uncertainties that could cause actual events or results to differ materially from those expressed or implied by such statements, that such statements do not bind the Issuer and Guarantor with respect to future results and no assurance is given that the projected future results or expectations covered by such forward-looking statements will be achieved.

Prospective investors are advised to read the Prospectus in its entirety and, in particular, all the risk factors set out in the Prospectus for a further discussion of the factors that could affect the Issuer's and Guarantor's future performance. In the light of these risks, uncertainties and assumptions, the events described in the forward-looking statements in the Prospectus may not occur. All forward-looking statements contained in the Prospectus are made only as at the date hereof. Subject to applicable legal and regulatory obligations, the Issuer and its directors expressly disclaim any obligations to update or revise any forward-looking statements contained herein to reflect any change in expectations with regard thereto or any change in events, conditions or circumstances on which any statement is based.

2.2 Risks relating to the Group and its business

The Issuer was incorporated in 2005 and, through PCL, has been primarily involved in the development and operation of Palm City Residences. Until such time when the Medina Tower project and the Palm Waterfront project are fully developed and launched on the market, the Issuer will continue to be solely dependent on the business prospects and operating results of PCL, including, therefore, reliance on PCL to service and repay its debt securities.

Accordingly, the timely payment of interest payable by the Issuer on its debt securities could be negatively conditioned by unforeseen adverse circumstances affecting the operations of PCL which could significantly impinge on PCL's cash flow.

The payment of interest and/or capital repayment on the Issuer's debt securities will be funded principally by the payment of inter-company loans or dividend pay-outs of PCL. The payment of inter-company loans and/or dividends by PCL will depend on, among other factors, any future profits, financial position, working capital requirements, general economic conditions and other factors that its board of directors deems significant from time to time. Accordingly, any occurrence that could impede or otherwise delay the cash flow generation from Palm City Residences could have a detrimental impact on PCL's ability to pay dividends, or repay inter-company loans, which, in turn, would have an adverse impact on the ability of the Issuer to meet interest payments or capital repayments on its securities on their due date.

Furthermore, in respect of Palm City Residences, the Group could in future face competition from other residential properties in its area of operation. The principal factors which the Issuer expects could affect the said property's ability to both attract new tenants, as well as retain tenants beyond the term of their current lease are, amongst others: (i) the availability of other residential properties; (ii) the quality of the amenities and facilities offered; (iii) the level of security offered; (iv) transport infrastructure; (v) the number of people who work in the Tripoli catchment area and the strength of tenant demand generally; and (vi) fluctuations in rental rates, as well as of property in and around Tripoli generally.

The operations of PCL and its operating results are subject to a number of factors that could adversely affect the Group's business and financial condition, some of which are beyond the Group's control.

2.2.1 Risks relating to the political, economic and social environment in Libya

Whilst the Issuer and PCL are registered in Malta, the assets, operations, business interests and activities of PCL are located and conducted in Libya through a branch. The Issuer is also an investee in a joint stock company MTJSC in respect of the business interests of the Medina Tower project, another project that will be developed in Tripoli, Libya. This project is registered as an investment project at the Libyan Ministry of Economy. An application for the establishment of an investment project is underway at the Libyan Ministry of Economy in respect of the future development of Palm Waterfront. The Group's business activities over the coming years are expected to be focused on and aimed at the development of the Medina Tower project in which the Group has a 25% holding and Palm Waterfront, which is to be developed by a 100% owned subsidiary of the Issuer. Accordingly, the Group is susceptible to the political and economic risks that may, from time to time, influence Libya's prospects. Negative political or economic factors and trends in or affecting Libya could have a material impact on the business and financial position of the Issuer.

The continued instability and state of uncertainty and unpredictability prevailing since the 2011 uprising continues to have a negative effect on travel to Libya and, accordingly, on the performance, operation and financial results of the Group.

Any unexpected changes in the political, social, economic or other conditions in Libya may have an adverse effect on the operations and financial results of the Group and on any investments made by the Group. As happened between 2014 and 2016 and again in 2019 when PCL's operations were adversely affected by the conflict and political turmoil in Libya, reporting decreases in occupancy levels and residential rental rates for those years.

Security concerns resulting from the above, as well as social unrest and lack of clarity on the political situation, have also brought about a decline in investor confidence, investment (including foreign direct investment) and capital spending.

Furthermore, the Libyan legal and judicial system may be different to what some investors may be more familiar with in certain civil and common law jurisdictions, and investors in Malta may consider such a system as not providing, in various aspects, the level of comfort for investment which they are used to under the Maltese legal system or other civil and common law jurisdictions, and, accordingly, they may consider that the Issuer may face difficulties in enforcing its legal rights relating to its investments made in Libya.

The above-mentioned negative political and economic factors and trends may have an adverse influence on the operating results of the Group and could also have a material impact on the business, financial condition and results of operations of the Group.

2.2.2 COVID-19 pandemic and possible similar future outbreaks

Different regions in the world have, from time to time, experienced outbreaks of various viruses. The widespread global pandemic of the infectious disease COVID-19 is continuing to take place and ensuing restrictions remain in force. The pandemic has caused state of emergencies being declared in various countries, travel restrictions being imposed, quarantines being established and various institutions and companies being closed, although over recent months such restrictions have been eased. The ongoing COVID-19 pandemic and any possible future outbreaks of viruses may have a significant adverse effect on the Issuer and the Group.

A spread of such diseases amongst the employees of the Group, as well as any quarantines affecting the employees of the Group or the Group's facilities, may reduce the possibility of the Group's personnel to carry out their work effectively and thereby affect the Group's operations. Furthermore, the current pandemic and any possible future outbreaks of viruses may have an adverse effect on the Group's suppliers and/or transportation companies, resulting in a deficit of production inputs necessary for the Group to carry out its operations.

The full impact of the COVID-19 pandemic on the Group's business will depend on a range of factors, which the Issuer is not able to accurately predict as at the date of the Prospectus, including the duration and scope of the pandemic, the impact of new COVID-19 variants, the pace and effectiveness of the vaccine roll-out, the impact on economic activity and any future measures adopted by the governments in various jurisdictions to mitigate the impact of the COVID-19 pandemic, any of which may have a negative impact on the Group's suppliers and customers, or the economy as a whole and, could, in turn have an adverse effect on the operations and financial results of the Group.

2.2.3 Natural disasters, contagious disease, terrorist activity and war have, in the past, adversely affected the expatriate community and similar events could adversely affect the industry in the future

Natural disasters, the spread of contagious disease (including COVID-19), industrial action, travel-related accidents, terrorist activity and war, and the targeting of particular destinations, have had a significant negative impact on the travel industry globally and such events could have a similarly negative impact in the future.

Such events occurring in the location where the Group operates will invariably affect tenancy patterns and reduce the number of business travellers to the country, including demand for residential accommodation at Palm City Residences. Actual or threatened war, terrorist activity, political unrest, civil strife and other geopolitical uncertainty may also reduce overall demand for business travel. The occurrence of any of these events or increasing concerns about these events could have a material adverse impact on the business, financial condition, results of operations and prospects of the Group and/or the Guarantor.

In the event that general market and economic conditions were to experience a downturn pursuant to any of the foregoing factors, these weakened conditions may have an adverse impact on the financial position and operational performance of the Group's business activities, potentially having a negative effect on the Issuer's financial position, cash flows, operational performance and its ability to fulfil its obligations under the Bonds.

2.2.4 The Group may not be able to obtain the capital it requires for development or improvement of existing or new properties on commercially reasonable terms, or at all

The Group's ability to implement its business strategies is dependent upon, amongst other things, its ability to generate sufficient funds internally and to access external financing at acceptable costs. No assurance can be given that sufficient financing for its current and future investments will be available on commercially reasonable terms or within the timeframes required by the Group, also taking into account the need, from time to time, for the Group's properties to undergo renovation, refurbishment or other improvements. Any weakness in the capital markets may limit the Group's ability to raise capital for completion of projects that have commenced or for development of future investments. Failure to obtain, or delays in obtaining, the financing required to complete current or future developments on commercially reasonable terms, including increases in borrowing costs or decreases in loan funding, may limit the Group's growth and materially and adversely affect its business, financial condition, results of operations and prospects.

Specifically as regards development projects, delays in the time scheduled for completion of Group projects may also cause significant delays in the tempo of the revenues forecasted by the Group to be generated from such projects, which can have a significant adverse impact on the Group's financial condition and cash flows in future. Similarly, if the Group's development projects were to incur significant cost overruns that were not anticipated, the Group may have difficulties in sourcing the funding required for meeting such cost overruns and, therefore, may risk not completing the projects, which could have a material adverse impact on the ability of the Issuer to meet its Bond Obligations.

2.2.5 Fluctuations in property values

As stated above, the Group is involved in the acquisition and development of properties. Property values are affected by and may fluctuate, *inter alia*, as a result of changing demand, changes in general economic conditions, changing supply within a particular area of competing space and attractiveness of real estate relative to other investment choices. The value of the Group's property portfolio may also fluctuate as a result of other factors outside the Group's control, such as changes in regulatory requirements and applicable laws (including in relation to taxation and planning), political conditions, the condition of financial markets, potentially adverse tax consequences, interest and inflation rate fluctuations.

The Group's operating performance could be adversely affected by a downturn in the property market in terms of capital values. The valuation of property and property-related assets is inherently subjective, due to, among other things, the individual nature of each property and the assumptions upon which valuations are carried out. Accordingly, there is no assurance that valuations of Group properties and property-related assets will reflect actual market values that could be achieved upon a sale. Actual values may be materially different from any future values that may be expressed or implied by forward-looking statements set out in the relative valuation or anticipated on the basis of historical trends, as reality may not match the assumptions made.

2.2.6 The Group's indebtedness could adversely affect its financial position

The Group has a material amount of debt and the amount of debt funding of the Issuer is expected to increase as and when the Issuer undertakes the Medina Tower and the Palm Waterfront projects, and other possible future development plans. The Group is also dependent on the Issuer's ability, where applicable, to successfully roll over its current bonds listed on the Official List of the MSE. Although the amount of debt funding of the Issuer is expected to increase upon the incurrence of its new projects, the Issuer's policy is to maintain its debt-to-equity ratio at prudent levels with corresponding equity being injected at levels considered to be adequate and prudent under current banking practices.

A substantial portion of the Group's generated cash flows will be required to make principal and interest payments on the Group's debt. A substantial portion of the cash flow currently generated from PCL's operations is utilised to repay the Group's debt.

Once the Medina Tower and Palm Waterfront projects proceed to their development stage, MTJSC and PWL will be negotiating bank credit facilities for the construction of their respective projects once a decision is taken to execute these projects. The agreements regulating the bank debt are likely to impose significant operating restrictions and financial covenants on MTJSC and PWL. These restrictions and covenants could limit the ability of each of the said companies and the Group to obtain future financing, make capital expenditure, withstand a future downturn in business or economic conditions generally or otherwise inhibit the ability to conduct necessary corporate activities. Furthermore, the sites on which the Medina Tower and Palm Waterfront are to be constructed may be subject to a land charge granting a right of preference and ranking to the lending banks in priority and preference to other creditors.

2.2.7 Currency fluctuations and other regional economic developments may have a material adverse effect on the Issuer's business, financial condition and results of operations

The Issuer's operations are exposed, in the case of transactions not denominated in Euro, to foreign currency risk on transactions, receivables, payables, bank balances and borrowings that are denominated in a currency other than the Euro. As a result, exchange gains or losses may arise on the conversion of bank balances, the realization of amounts receivable and the settlement of amounts payable in currencies which are not Euro-denominated.

The Issuer's financial statements, which are presented in Euro, can be affected by foreign exchange fluctuations through both: translation risk, which is the risk that the financial statements for a particular period or as of a certain date depend on the prevailing exchange rates of the various currencies against the Euro; and transaction risk, which is the risk that the currency of the costs and liabilities fluctuates in relation to the currency of its revenue and assets, which fluctuation may adversely affect its operating performance.

The occurrence of any of the risks specified herein, or an increased level of concern in relation thereto, could have a material adverse effect on the business, financial condition, results of operations and prospects of the Group.

2.3 Risks relating to the business of the Guarantor and the Corinthia Group

CPHCL has a long trading history in mixed-use real estate developments that consist principally of hotels, residences, offices and retail areas. Many of CPHCL's current and potential competitors' operating histories, name recognition, customer bases and financial and other resources are a competitive factor for the Guarantor wherever it may have business. Severe competition in certain countries and changes in economic and market conditions could adversely affect CPHCL's business and operating results.

With respect to the Corinthia Group's operations in Russia (as detailed below in this Registration Document), including, *inter alia*, as a result of the current conflicts between Russia and Ukraine, an investment in the Bonds carries the risk that, as a result of the said current political and military tensions between Russia and Ukraine, and the resulting economic sanctions imposed on Russia, as well as those imposed by Russia, the general economic conditions in Russia where the Corinthia Group carries out part of its business could be adversely impacted.

These sanctions include: a Russian sanction prohibiting any measures to cease business operations in Russia; an EU ban on business transactions with certain specified companies; ban on any importation of Russian energy and defence industries; and EU measures resulting in freezing of funds and economic resources of certain specified natural and legal persons. The measures also prohibit the direct or indirect import, export or transfer of all defence-related material and establish a ban for dual-use goods and technology for military use or military-end users in Russia. The sanctions further curtail Russian access to certain sensitive technologies that can be used in the Russian energy sector; for instance in oil production and exploration.

The Corinthia Group has no control over this risk. Accordingly, the Corinthia Group is susceptible to the political and economic risks that may, from time to time, influence Russia's prospects. Any unexpected changes in the political, social, economic or other conditions in Russia may have an adverse effect on the operations and financial results of the Corinthia Group and on any investments made by the Corinthia Group in the region.

The Guarantor's prospects should be considered in the light of the risks and the difficulties generally encountered by companies operating in a mixture of mature and stabilised markets coupled with new and rapidly developing markets.

5.1.2 Overview of the Group's business

Palm City Residences

Since incorporation, the Issuer has been primarily involved, through PCL, in the development and operation of the Palm City Residences. This oceanfront gated complex, located in Janzour, Libya, consists of 413 residential units, ranging from one-bedroom apartments to four-bedroom fully detached villas with private pools, constructed on a plot of land measuring 171,000m² and enjoying a 1.3km shorefront (including beach area). The village-type complex offers a host of amenities and leisure facilities that include a piazza, supermarket, a variety of retail shops, a laundry, a health clinic and a number of catering outlets and cafes. The development also features numerous indoor and outdoor sports facilities, including a fully equipped gym, squash court, tennis courts, an indoor pool, water sports facilities and an outdoor swimming pool.

By virtue of an agreement dated 5 July 2006, CPHCL holds legal title under Libyan law to the land on which Palm City Residences are built. Such agreement is for a term of 99 years. With effect from 6 July 2006 PCL entered into a build-operate-transfer agreement with CPHCL, whereby CPHCL engaged PCL to complete the construction of the Palm City Residences and to operate the said complex thereafter for a 65-year term. Upon the expiry of this 65-year term, PCL is bound to transfer the operation back to CPHCL.

The Group has been in the process of registering a joint stock company in Libya, to be owned as to 90% of its share capital by PCL (CPHCL and NREC to hold the remaining 10% in equal proportions between them). Subject to approval by the competent authority in Libya, the Libyan Investment Board, title to the land underlying the Palm City Residences will be transferred by CPHCL to such company. Upon such title transfer taking effect, the build-operate-transfer (BOT) agreement between PCL and CPHCL will be terminated, resulting in PCL no longer being bound to return the operation of the Palm City Residences to CPHCL upon the lapse of the said 65-year term. This registration process has been on hold since 2015 pending the resolution of the current unrest in the country.

The Palm City Residences project was completed in late 2009 and by 2010 all the residences were operational. At the time, the Issuer's principal objectives remained focused on the management and operations of Palm City Residences through its Subsidiary PCL and on securing medium to long-term lease contracts with a view to achieving a stabilised occupancy rate. The occupancy rate and revenue generation varied in the initial years of operation as Libya passed through a number of political changes.

Following the instability in Libya between 2014 and 2016, business leads for accommodation services at Palm City started to gain traction towards the end of 2016 and continued in subsequent years. Several major contracts were signed in 2017, leading to a substantial jump in occupancy. Occupancy in 2017 closed at 24.7% compared to 10.4% in 2016, whilst €8.4 million was generated in revenue which converted into an operating profit of €4 million.

2018 proved to be an increasingly successful year for Palm City, where total revenue amounted to €18.9 million, up €10.5 million on 2017. This revenue stream converted into an operating profit of €12.2 million, an increase of €8.2 million over that registered in 2017.

Business continued to increase in 2019 notwithstanding the hostilities that year, resulting in revenue of €27.3 million, equivalent to an increase of 44% over 2018. Operating profit for 2019 was €20.2 million, a further increase of €8 million over that registered in 2018. The average leasing rate, a key business metric, shows that for 2019 this was over €8,800 per unit per month. This was a significant increase from the €6,400 per unit per month which was registered in 2013 (notwithstanding that fundamentally 2013 was Palm City's best year, where €30.7 million in revenue was generated on the back of a 94% occupancy).

Apart from the local unrest, which continued into mid-2020, Palm City was faced with the emergence of the pandemic in Q1 2020. This resulted in a country lockdown for a number of months, constraining the resumption of new business. Notwithstanding these operational challenges, and due to its solid reputation as a safe and secure accommodation facility, in 2020 Palm City still generated €25.6 million in revenue and an operating profit of €18.6 million. While a ceasefire was agreed to in late 2020 and the pandemic persisted, coupled with the uncertainty as to whether an election would be held in 2021, occupancy levels nevertheless remained stable at an average of just above 51.5% throughout 2021.

Despite the stable occupancy levels, in 2021 total revenue and operating profit fell slightly to €23.97 million and €18.13 million respectively. The average rate per unit type decreased to €7,720. These were mainly the result of locally contracted business which witnessed a devaluation of the Libyan Dinar announced by the Central Bank of Libya in January 2021.

Palm City Residences – Client Mix

As per recent years, the client mix continued to consist mainly of Oil & Gas companies, NGOs, international security providers and embassies.

During the three-year period under review, occupancy figures steadily increased during the first half of 2019 and fell slightly upon the outbreak of the hostilities later that year. Occupancy remained constant at an average of 51.75% in 2020 and 51.68% in 2021. Although these were below the 55% average occupancy for 2019, they otherwise demonstrate Palm City's resilience to difficult circumstances brought about by the Libyan political situation, including the onset of a worldwide pandemic.

Looking at the percentage occupancy by industry, one notes that whilst the NGO share of the occupancy decreased from 41% (2019) to 23% (2021), that of the Oil & Gas companies, Embassies, Government and, more importantly, ‘Others’, has increased. This signifies that despite the disruptive factors mentioned previously, business from a wider range of industries has increased, leading to a healthier client-mix base.

It is also pertinent to point out that over the last three years, accommodation contracts for the long-term (2-3 years) remained consistent and remained above the 30% mark, averaging 33% in 2020 and 31% in 2021. Medium-term leases (1 year) for 2021 rose to 47% of total lease contracts, up from 44% in 2020, for a combined total of 78% of lease contracts which are for 1 year and over. This confirms a positive medium to long-term customer outlook on their continued stay at Palm City Residences.

Medina Tower

In 2010, MTJSC was set up for the purpose of owning and developing the Medina Tower. The shareholders of MTJSC are MIH, IHI, AUCC and AHCT, having a shareholding of 25% each. The parcel of land over which this project will be developed measures *circa* 13,000m² and is situated in Tripoli’s main high street. The architectural concept stems from a 4-storey podium that will include a mix of residential, retail, commercial and conference space. A curved tower rises from the sixth level and peaks at the 40th level, where a double height restaurant will complete the property. The development will comprise a total gross floor area of *circa* 199,000m².

The project designs of the Medina Tower are complete and all development approvals have been obtained from the relevant authorities. As to the financing of the project, the equity contribution for the first phase of this project is already fully paid up and will comprise 40% of the capital requirements of the said project. The remaining 60% of funding will be derived from a Libyan financial institution in terms of a sanction letter that has been approved and signed, but now needs to be reactivated. The project is on hold until Libya stabilises and its prospects improve.

Palm Waterfront

PWL is a wholly-owned Subsidiary of MIH and will be primarily engaged in the development and operation of the Palm Waterfront site which is located in Shuhada Sidi Abuljalil, Janzour, Libya, adjacent to the Palm City Residences pursuant to a Build-Operate-Transfer Agreement entered into with CPHCL in December 2013. The arrangement gives PWL the right to develop the Palm Waterfront site. Furthermore, PWL is entitled to manage and operate the Palm Waterfront for a period of 80 years from 5 December 2013.

Palm Waterfront will be constructed on a total site area of 64,000m². The development will comprise a lifestyle address with various uses and facilities, including (i) a 150-room 4-star hotel with food and beverage and health and leisure facilities; (ii) 332 different sized residential apartments all overlooking the marina and open sea; (iii) 3,400m² of office space; (iv) 4,000m² of commercial and entertainment facilities; and (v) a 117-berth yacht marina with facilities.

MIH is currently engaged with the competent authority in Libya to apply for and obtain a permit to construct the project, following which, once the situation on the ground improves, it will issue the respective tender packages for works to commence on site.

This project has been temporarily placed on hold in view of the prevailing situation in Libya.

5.1.3 Organisational structure

The Issuer is the parent company of the Group and, accordingly, is ultimately dependent upon the operations and performance of its Subsidiaries.

The organisational structure of the Group as at the date of the Prospectus is illustrated in the diagram below:

MIH

The principal activity of the Issuer is to directly or indirectly acquire, develop and operate real estate projects in Libya and invest in any related trade or business venture. The Issuer is party to a management and support services agreement dated 1 January 2020 (the “MSS Agreement”) with CPHCL in connection with the provision of management services at the strategic level of the Issuer’s business, enabling the Issuer to benefit from the experience and expertise of CPHCL in the operation of its business and the implementation of a highly efficient and cost-effective operation and construction programme which is expected to be reflected in a substantial increase in the market value of the Group’s real estate properties.

The MSS Agreement also ensures that at the top executive and central administrative level, the Issuer has continued and guaranteed access to the top executive staff and support personnel of the Corinthia Group. The agreement has a term of three years expiring on 31 December 2022. In terms of the current agreement, in consideration for the support services afforded by CPHCL, the Issuer shall pay CPHCL a fixed annual fee of €404,412 for 2020, adjusted thereafter for inflation at 5% per annum. The Directors believe that this is a reasonable charge to the Issuer, particularly in light of the benefits enjoyed by the Issuer pursuant to the MSS Agreement, which include:

- the commitment of an executive team with over 45 years’ experience of successfully operating in Libya;
- an experienced, motivated, proven and loyal local and foreign senior management team of international calibre with an average of over 27 years’ service;
- a team of well-qualified and dynamic young professionals, fuelling the potential for future growth;
- an effective monitoring system assuring controls on standards and performance;

- a long experience in developing and managing properties planned and built to exacting standards with equally high standards demanded on maintenance, resulting in high quality, well-maintained assets; and
- corporate strength through a long-term policy of diversification into construction, project management and other service ventures.

It is the Issuer's intention to extend the MSS Agreement beyond its expiration in December 2022, with no material changes thereto being anticipated.

* under control and management of IHI

IHI, a company listed on the Malta Stock Exchange, is principally engaged in the acquisition, ownership, development and operation of hotels and ancillary real estate in Europe and North Africa.

To date, IHI has acquired luxury five-star hotels in Prague (Czech Republic), Tripoli (Libya), Lisbon (Portugal), Budapest (Hungary), St. Petersburg (Russia) and St. George's Bay (Malta). It has a 50% share in a hotel and residential property in London (United Kingdom) and has development projects in Brussels (Belgium), Rome (Italy), Bucharest (Romania), New York City (US) and Doha (Qatar), the latter three being on a management agreement basis, as well as a joint venture agreement for the development of a hotel in Benghazi (Libya). IHI also fully owns Corinthia Hotels Limited, the main objective of which is to provide hotel management services to hotel properties owned by IHI, CPHCL and third-party hotel owners. It is the beneficial owner of the Corinthia® Brand. IHI acquired all the intellectual property associated with the Corinthia® brand for hotel and property operations from CPHCL in October 2010, which, in turn, was transferred to CHL in June 2019. Whilst CPHCL holds 57.82% of the share capital in IHI, Istithmar Hotels FZE of Dubai acts as a strategic investor in the company with a 21.69% holding in IHI. LAFICO is another strategic investor in IHI and owns 10.85% of its equity (half of this 10.85% is subject to a call-option in favour of CPHCL). The remaining shares are held by the general investing public. IHI also holds 100% of the share capital in Catermax Limited and Corinthia Caterers Limited, both of which entities are incorporated in Malta and provide events catering in Malta. IHI also holds 100% of the franchising business rights in the Costa Coffee outlets in Malta. IHI holds 100% of the share capital in QPM Limited specialising in the construction and the provision of project management services both locally and overseas. In 2016, IHI launched CDI, a fully owned development company with a remit to plan and execute acquisitions and developments in the hotel and real estate sector, whether for IHI, CPHCL or third parties.

Revenue and earnings are derived primarily from the operation of owned and third-party owned hotels. A secondary source of income and earnings is generated through rental income of residential and commercial premises, particularly in St. Petersburg, Tripoli and Budapest. Additional revenue streams include fees earned by CHL, a wholly-owned Subsidiary of IHI, from hotels owned by IHI itself or managed pursuant to management contracts with CPHCL owned properties and third-party owned properties. As at the date of this Registration Document, CHL manages eleven hotels on behalf of IHI (two of which are fifty per cent owned by IHI) and another two hotels on behalf of CPHCL, one hotel on behalf of third-party owners and another five hotels currently under development, one of which will be managed on behalf of IHI whilst the other four will be managed on behalf of third-party owners.

5.2.3 Investments

The most recent principal investments of the Corinthia Group, through IHI, are described hereunder:

a. Corinthia Hotel Lisbon

A renovation programme is underway at the Corinthia Hotel Lisbon, estimated at a cost of €15 million. The refurbishment started in November 2016 and all 518 rooms are expected to be completed by the third quarter of 2022. The complete refurbishment of all room stock will result in an upgrade to the product, including the changing of bathrooms, increasing the size and upgrading the fit-out to the rooms. The refurbishment is being carried out in phases, sealing off two to three floors at a time without causing any disturbance to the on-going operation of the hotel, which continues to operate normally. Works on 441 rooms on the first 16 floors have already been completed and the finished product has been received well by the market. Due to the pandemic, the completion date has been extended by an additional 24 months, as reflected above, to better manage cash flow and demand for the newly refurbished rooms.

b. Corinthia Hotel Budapest

A renovation program is underway at the 437-room five-star Corinthia Hotel located in Budapest, Hungary. These renovations include the refurbishment of its corridors and of the 406 bathrooms forming part of the hotel. The project commenced in April 2018 and in 2020 was 55% complete. €4.4 million have been allocated towards the refurbishment of these areas, in keeping with the hotel's unique features. The funding for this project has been sourced internally through the cash flows generated by the Corinthia Hotel Budapest.

c. St George's Bay Development

Following the acquisition of IHGH in 2015, IHI initiated the design process to consolidate its three hotel properties situated in St George's Bay, St Julians, Malta (namely, the Radisson Blue Resort St Julians, the Corinthia Hotel St George's Bay and the Marina Hotel), and make way for a mixed-use development that will feature a luxury hotel attracting high net worth leisure and corporate guests, a business hotel, as well as high-end residential, office, retail and commercial facilities targeting a six-star market. The said development has been put on hold by the Corinthia Group.

This five-star property occupies a prime waterfront location and was originally opened in 1995. Over the years, the hotel has established itself among the leading five-star hotels in the area, targeting all sectors, including leisure tourism, conferences and corporate travelling. The refurbishment will extend to:

- the refurbishment of the hotel's 250 bedrooms, including finishes, furniture fixtures and equipment, bathrooms, corridors and terraces;
- increasing the number of suites by combining standard rooms to create larger suites in keeping with increased demand for this type of room offering;
- a soft refurbishment of the hotel's lobby and public areas;
- enhanced landscaping of the hotel's external areas, swimming pools and restaurants;
- updates to back of house (BOH), mechanical and electrical equipment, as well as fire, life, health and safety measures in keeping with updated legislation and best practices.

The precise timing of the project will be coordinated with other, large-scale development projects in the vicinity.

d. Corinthia Oasis Project (formerly known as the Hal Ferh Project)

IHI, through a wholly-owned Subsidiary Corinthia Oasis Company Limited (C 48380), enjoys a perpetual lease title to an 85,000m² plot of land at Hal Ferh, situated adjacent to the Radisson Blu Resort & Spa, Golden Sands, Malta. The Hal-Ferh site was acquired by IHGH in 2009 under title of perpetual emphyteusis. The perpetual utile dominium over the site was subsequently acquired by Corinthia Oasis. In 2020, the said company acquired the perpetual *directum dominium* from the Government of Malta and redeemed the ground-rent to which the site was subject, resulting in the site being held on a freehold basis. In terms of the deed of emphyteusis, the site may be used for tourism development, which includes accommodation, ancillary and supporting facilities.

Permits for a 228-unit (735-bed) timeshare resort were issued by the Planning Authority in 2014.

In July 2021, the Group submitted a revised planning application to the Planning Authority (PA/5420/21), for the development of a resort over the Hal-Ferh site. The regeneration project will include a 162-key resort hotel, a top-tier spa and wellness centre, 25 detached hotel-serviced villas and a host of ancillary resort amenities. The total area of the site which Corinthia would develop, amounts to 9,000 square metres, not rising more than 2 floors and occupying solely 16% of the actual land, the rest being used for landscaping and outdoor activities.

As part of the project, Corinthia Oasis has also invested in an adjacent 330-space public car park for use by the local community, administered by the Scouts Association. This carpark is intended to ensure the fulfilment of the condition imposed by the Planning Authority in Malta, namely, that the car park be developed into a public car park and that said car park remains accessible to the general public, thus alleviating demand for parking by visitors to the nearby Golden Bay and Hal-Ferh site. The resort's own parking requirements will be catered for via an underground carpark located within the site itself and by parking facilities located under the residences.

Corinthia commenced demolition works, clearance of site, carting away and dumping of material, in line with planning authority permit requirements as originally issued under permit number PA/03134/19. Such preparatory works are also included in the abovementioned PA/5420/21.

e. Corinthia Hotel London

In June 2018, the Corinthia Hotel London completed the conversion of 22 rooms into 11 suites at a cost of £3.9 million. The decision to introduce a higher number of suites, as opposed to standard bedrooms, bolstered the hotel's presence in the lucrative market for high net worth visitors to London. The newly converted suites provided an incremental revenue of £1.7 million in the first 18 months of operation as opposed to the previous 22 rooms. In addition, one of the hotel's restaurants was converted to a flagship operation at a cost of £1.5 million and is being operated by one of the UK's top restaurateurs and celebrity chef, Tom Kerridge. Kerridge's, in its first full year of operation in 2019, achieved a revenue of £6 million. This converted to a contribution of £1.1 million, which was an incremental profit of £500,000 under the previous restaurant concept, Massimo.

f. Brussels Project

IHI has a 50% equity participation in the company owning a former hotel building in Brussels, the Grand Hotel Astoria. The Grand Hotel Astoria was built in 1910 by a Belgian aristocratic family and by the time it was acquired by its last owners in 2007 it was being operated as a 145-room hotel. Upon its acquisition by the hotel's former owners in 2007, it was closed with a view to carrying out extensive refurbishment. However, such refurbishment failed to get underway and the asset has laid desolate for the last 14 years. Once redeveloped, it will be renamed the Corinthia Grand Astoria Hotel. CDI is handling the redevelopment of the hotel on behalf of the owner, similar to what IHI had done on the London project. CDI has reconfigured the plans currently in place for the hotel, and with the help of GA Design in London (the designers engaged in the London project), reorganized the ground floor flows and uses, as well as reconfigured the bedroom inventory, to ensure that all bedrooms are larger than 45m². The new key count is set at 126 bedrooms, of which 30% will be junior suites or suites. A building permit to carry out the planned redevelopment has been obtained.

A planning permit was issued in December 2017 for the restoration of the historic ground floor and façade of the original hotel, as well as the reconstruction of all upper floors, adjoining land and town houses. The permit is a major gain in additional volumes and floors, for a total built up area of 16,000m². NLI has since carefully demolished all non-historic, dangerous structures and areas in close collaboration with the local authorities and agreed on a methodology for the rebuilding of the property and renovation of all historic areas of the ground floor and the imposing, listed façade. A main contractor is on site and the entire super structure will be up by the end of 2022. QPM is charged with project management, whilst the corporate resources of IHI, CHL and CDI are collectively providing services as owner's representatives and operators, handling all matters of financing, contracting, oversight, value engineering and design signoffs.

Once completed, it is expected that the new hotel will offer unrivalled amenities for the city of Brussels, including a fully restored grand ballroom, an 850m² spa, various dining venues, boutique meeting facilities and high-end retail shops. Initial strip-out and demolition works have commenced and a contractor for the main construction works was engaged in December 2020. Works have since commenced and are expected to be completed with an opening as the Corinthia Brussels in April 2024.

In 2020 IHI drew up a revised cost estimate for the full refurbishment project, at €62 million, inclusive of all costs, fees and contingencies. The main construction works are under-way and as at the date of the Prospectus approximately €24 million has been drawn down in associated construction costs. Total costs, including acquisition, professional fees, project costs, interest during the construction period and pre-operating costs are being financed out of an equity injection of €20 million, a bank loan facility of €45 million granted by ARES Bank of Spain and €10 million from each of LAFICO and IHI (which shall be on-lent to the hotel-owning company, Hotel Astoria S.A.). The refurbishment of the Grand Hotel Astoria will add another key destination to the Corinthia Brand's growing portfolio.

g. Moscow Project

In February 2019, IHI acquired a 10% minority share for US\$5.5 million in a joint venture company formed with a consortium of local investors to acquire the Russian company that owns a landmark property at 10, Tverskaya Street, Moscow. The acquisition has been made with a view to developing the site, having a development gross area of 43,000m², into a mixed-use real estate project including a luxury boutique 42-room Corinthia hotel, 109 upmarket residential serviced apartments for re-sale, high-end retail and commercial outlets and underground parking.

Bank financing for the development of the property has been secured by the Russian company that owns the asset. A facility agreement was signed by the Russian asset-owning company on 17 January 2022 for a loan amount of RUB 14,256 million but no sums have been drawn down from this facility to date. The current situation in Russia means IHI will report back later in the year when a way forward may become clearer. As IHI has reported via company announcements, its total investment in the project is \$6 million and thus marginal to the overall balance sheet considerations.

A security package that is consistent with development finance of this nature and consisting of a mortgage over the land and building being developed, has been granted to the bank. No security is being granted over share capital of the joint venture company or its respective shareholders (including IHI), and no guarantees have been given by the joint venture company or the shareholders (including IHI) to the bank.

The asset is located on a prestigious boulevard in Moscow in a highly popular shopping, cultural and business location, as well as a luxury hotspot with other competing luxury brands, all in close proximity. IHI believes that, like its project in St. Petersburg, this site has the potential to be redeveloped into one of Moscow's most prestigious and respectfully-restored classical buildings. The listed elements on the façade and the historic Filippov bakery at ground level will be carefully preserved and restored. Although discussions for the redevelopment of this site have been concluded with a third-party contractor, works have not commenced in view of the current hostilities between the Russian Federation and Ukraine. Until there is further visibility, the project will remain on hold. Given IHI's limited exposure with a 10% investment in this project at the equity level, which has already been fully subscribed, any negative impact resulting from the current conflict is not expected to have a material impact on IHI's asset base or future profitability.

h. Radisson Blu Resort & Spa Golden Sands

The Radisson Blu Resort & Spa Golden Sands commenced operations in October 2005 and is located on a cliff's edge overlooking Golden Bay beach on the Northern coast of Malta. IHI fully owns the Golden Sands resort, having increased its holding from 50% to 100% in February 2021. Title to the site is in the form of temporary utile dominium which expires in 2114. The five-star resort comprises a total of 338 keys, various food and beverage outlets and is equipped with a 1,000m² spa and leisure centre, four pools, a tennis court and a private sandy beach. Nine new bedroom suites were completed in the first semester of 2018 at a cost of €5 million.

In FY2020, the Radisson Blu Resort & Spa Golden Sands ceased the vacation ownership sales operations and placed the Azure Resorts Group into liquidation. Existing timeshare members will continue to enjoy their entitlement until the end of the term in 2045.

i. Corinthia Hotel Rome

By virtue of a binding preliminary lease agreement signed in October 2019 with Reuben Brothers (a prominent private equity, real estate investment and development and debt financing entity), Reuben Brothers undertook to lease a building to CHL following its development into a 60-room ultra-luxury hotel in central Rome upon the completion of the development of the building into a hotel and the issue of the relevant permits to operate the hotel. The property is situated in the former seat of the Central Bank of Italy in Parliament Square. The 7,000m² property will be converted into a luxury destination, featuring a number of suites and top of the range bedrooms. Two restaurants, bars, lounges, a spa and other amenities will wrap around a central garden forming part of the property. The lease of the hotel has been successfully concluded and is for a period of 25 years with a potential extension of a further five years. The rent payable by CHL is fixed with a reference to a percentage of revenue, with a guaranteed minimum of €5 million per annum as of the fifth year of operation.

CDI, by virtue of a development management agreement entered into with the owners of the property, Reuben Brothers, has assumed responsibility for the management of the development of the hotel in return for a fee. Internal strip out, asbestos removal and demolitions are now completed. A main contractor is engaged and work has started to redevelop, and in some areas rebuild, all internal areas. CHL is currently recruiting the team to take over the management of the hotel once it is launched in 2023.

The estimated cost for the development of the project is €37 million, which amount will be incurred by Reuben Brothers as owners of the property. CHL expects to incur €9 million in costs as lessee of the property, which will be used to finance: (i) the pre-opening budget costs, including the recruitment of personnel, marketing and concessions; (ii) the acquisition of supplies and operating equipment; and (iii) a capital expenditure contribution towards the general cost of works for the development of the hotel.

j. The Corinthia Hotel New York: an investment in the Corinthia Brand

A Subsidiary of CHL incorporated in Delaware (CHL NYC Inc.) has entered into a 25-year hotel management agreement with the owner of a luxury Upper East Side hotel in New York City. The building was acquired by the private equity firm Reuben Brothers in 2020 and is to undergo extensive refurbishment to reopen in early 2023 as a Corinthia Hotel. Once renovated, the hotel will have 97 guest rooms, including food and beverage facilities, a spa and gym and 12 luxury residences. By virtue of the management agreement, CHL is appointed as the sole and exclusive manager of the hotel to provide management services and to supervise, direct and control the management and the marketing of the hotel. The management agreement provides for an initial term of 25 years from commencement of operation subject to an extension.

In terms of the management agreement, CHL is required to make a payment of a premium of USD 10.5 million (equivalent to approximately €8.5 million). USD 0.5 million (equivalent to approximately €0.4 million) was paid on the signing of the management agreement. The amount of USD 10 million (equivalent to approximately €8 million) is payable when the hotel opens in 2023.

Save for the above, the Corinthia Group is not party to any other principal investments and has not entered into or committed for any principal investments subsequent to 31 December 2021, being the date of the latest audited financial statements of the Guarantor.

5.2.4 Management contracts under the Corinthia Brand

Corinthia Hotels Limited is a full-service management company with in-house skills and capabilities supporting the Corinthia Brand and operations. It has a track record of driving performance improvements across the Corinthia Group's existing assets, those of CPHCL and of third parties. It ensures consistent service levels and performance across the properties and is scaled to support future growth of Corinthia. CHL currently manages 17 hotels (11 hotels on behalf of IHI (two of which are 50% owned by IHI), two hotels on behalf of CPHCL, one hotel on behalf of third-party owners and another five hotels currently under development, one of which will be managed on behalf of IHI while the others will be managed on behalf of third-party owners). CHL's management contracts are entered into and structured for a 20 to 25-year periods, usually with one or two 5-year period extensions, with key commercial terms including management fees, marketing and reservation fees and incentive fees. It is an efficient use of capital and resource with no capital outlay required for each new management contract and a cost-effective way to gain in-depth knowledge of various markets.

The most recent management contracts of the Corinthia Group, through IHI, are described hereunder:

a. Doha, Qatar

In October 2020, CHL entered into an agreement with United Development Company (UDC), the Qatari owner and master developer of The Pearl in Doha, an offshore collection of reclaimed islands on which a spectacular city comprising commercial, yachting, hospitality, social and residential developments are now largely complete and occupied, save for one island, the Gewan Island, to be managed and operated as a luxury Corinthia hotel resort. CHL has been entrusted to guide the design development and eventually manage a series of properties on Gewan, including a Corinthia Hotel, Golf Club, Beach Club, Yacht Club, residential villas for sale and more recently, on the main island of the Pearl, a serviced residential tower to be built comprising 150 units of varying sizes for sale and lease. The Corinthia Hotel resort will be built on a site having an area of 13,000m². The development will also include luxury branded villas, a golf course, and a beach and yacht club, all of which will be managed by CHL. CHL has a team on the ground including a General Manager and is in the immediate term focusing on the Yacht Club, which will open its doors later in 2022. Throughout the year under review, CHL also supported and brokered deals to bring international brands to the development including Solymar beach club of Mykonos, Kai restaurant of Mayfair, London and the Monaco Yacht Club with whom a marketing association is under review.

b. Bucharest, Romania

In March 2018, CHL entered into a management agreement with the owners of the property formerly known as the Grand Hotel du Boulevard to manage, once redeveloped, as the Corinthia Hotel Bucharest. Pursuant to the above signing, QPM has since been engaged by the property owners to manage the development in all technical aspects. Design development of the regeneration of this listed property has commenced, a sample suite has been completed for review and snagging by the owner and works are expected to be completed in July 2023. The new hotel will feature 33 suites, as well as the fully restored Grand Ballroom and various dining and leisure venues.

5.2.5 Business development strategy

The Corinthia Group’s business strategy focuses on achieving positive and sustainable financial results, and appreciation in the value of the Corinthia Group properties. In the execution of the Corinthia Group’s strategy, management aims to provide a high-quality service at each hotel and treat customers to a unique hospitality experience. Through the provision of better quality offerings, the brand value is further enhanced and leads management to achieve its objective of improving occupancy levels and average room rates. Moreover, it enables the Corinthia Group to target higher-yielding customers, in particular, from the leisure and conference & event segments.

Electronic booking portals have, in recent times, gained importance in generating room reservations. In this respect, the Corinthia Group is continuously optimising its website ‘Corinthia.com’, developing further its online reservation system and investing in online marketing.

From a cost perspective, better results are being achieved through the implementation of cost-control and energy-efficient measures at Corinthia Group hotels.

The Corinthia Group’s strategy focuses on the operation of hotels that are principally in the five-star category. In this respect, the Corinthia Group has identified a number of assets, including four and three-star hotels, which are either earmarked for redevelopment or no longer fit its long-term strategy. Such non-core assets will be disposed of at the opportune moment in the near to medium term. As to core assets, ongoing investment in their upkeep is given due importance in order to preserve their attractiveness and incremental value.

In addition to the aforementioned strategy for internal growth, the Corinthia Group aims to grow its business externally by further expanding the portfolio of hotels and mixed-use properties and venturing into other businesses through acquisitions, joint ventures and developments.

6 TREND INFORMATION AND FINANCIAL PERFORMANCE

6.1 Trend information of the Issuer

The following is an overview of the most significant recent trends affecting the Issuer and the market in which it operates:

Libya

Following a significant economic contraction in 2020 of about 31%, Libya’s hydrocarbon sector and, in turn, its economy overall, witnessed a strong rebound in 2021. The lifting of the oil blockade in late 2020 and the resilience of global oil prices led to an increase in hydrocarbon export receipts and thereby an improvement in the country’s trade and current account balances. While Libya’s protracted liquidity crisis persists, particularly in eastern and southern parts of the country, there was some improvement in 2021. In January 2021, the foreign exchange tax was abolished, resulting in a significant narrowing of the gap between the official and parallel market exchange rates. While the devaluation has improved macro-economic stability, the adverse impact on purchasing power has been felt throughout the population, particularly affecting the poor.¹

Libya is currently facing a new phase of political polarisation, which risks dividing its institutions once again and reversing the gains achieved over the past two years. Elections scheduled for December 2021 were postponed with the country’s National Elections Commission citing inadequacies in electoral legislation and challenges related to candidates’ eligibility.

¹<https://www.worldbank.org/en/country/libya/overview#>

In February 2022, the country's eastern-based House of Representatives voted to designate a new Prime Minister and government, over the objections of the internally recognised Prime Minister, Abdul Hamid Dbeiba, who refused to step down. Nevertheless, the House of Representatives went forward with the formation of a new government, designating Fathi Bashagha, a former Minister of Interior, as the new Prime Minister. On 24 February 2022, the High State Council – based in the internationally recognised administration's centre of government in Tripoli and born out of the UN-supported Libyan Political Agreement of 2015 – rejected the parliamentary declaration, setting up a serious impasse that is now once again ramping up tensions in the conflict-wrought nation.²

The underlying political and economic division of the country has complex roots and competing international influences can make a difference in outcomes. With major uncertainties associated with these dynamics, projecting future economic trends is a daunting task.

In addition to the conflict-driven challenges and neglect, Libyans are also increasingly affected by the COVID-19 pandemic. With relaxation of containment measures, the spread of the virus has accelerated. This problem is probably under-monitored and compounded by an incapacitated health sector.

In view of the above, the Directors expect Palm City Residences to operate at the same level as that achieved in 2021, that is, at an occupancy level of *circa* 52% (FY2021: 51.7%). The proposed Medina Tower and Palm Waterfront projects will remain on hold until such time when there are clear signs of stability in the country.

Save for the matters disclosed in this Registration Document, there has been no material adverse change in the prospects of the Issuer since the date of its last published audited consolidated financial statements dated 31 December 2021.

Information relative to the profit forecasts or estimates of the Issuer is set out in the Financial Analysis Summary.

6.2 Trend information of the Guarantor

There has been no material adverse change in the prospects of CPHCL since the date of its last published audited financial statements dated 31 December 2021.

The following is an overview of the most significant recent trends affecting the Guarantor and the markets in which it operates:

Europe (excluding Russia)

In 2021, strong vaccination coverage in Europe, the EU Digital Covid-19 Certificate and the easing of travel restrictions which allowed the release of large pent-up demand, set the grounds for tourism revival. In fact, the European travel and tourism sector reported a better than anticipated summer. In contrast, the final quarter of 2021 saw the emergence of the Omicron variant and consequently the tightening of travel restrictions and flight bans for some European countries. However, with the realisation that Omicron, although highly contagious, is far from the threat it was initially deemed to be with widespread vaccine take-up, many travel restrictions in Europe are beginning to be relaxed which will result in a more positive outlook for 2022.

It is estimated that there was a 62% decrease in tourist arrivals to Europe in 2021 over 2019 levels. The outlook, however, remains positive, with travel demand projected to be just 20% below pre-pandemic levels in 2022, fuelled by domestic and intra-European travel demand. Domestic travel is expected to exceed pre-pandemic peaks in 2022, while international travel will not do so until 2024.³ One possible constraint on demand may be staffing in the travel and tourism sector. The impact of the two-year downturn in hospitality has led to some staff seeking jobs outside the sector and this may result in skills and labour shortages in some European countries as tourism starts to return.

Russia

Russia's invasion of Ukraine has led many countries to impose sanctions against Russia, including the issuance of airspace bans. As such, most European countries have become off limits to Russian travellers, while inbound tourism has been adversely impacted by tour operators, various industry organisations and individuals cancelling planned visits to Russia. Following the cancellations of flights and raised safety concerns, the Russian tourism industry is facing significant uncertainties.

Libya

A review of the Libyan market is provided in sub-section 6.1 above.

Tunisia

Economic activity likely improved slightly in Q4 2021 due to a lower Covid-19 caseload. However, it will have been tepid nonetheless: spending was likely hit by high inflation and unemployment, and the external sector was likely hindered by supply bottlenecks and the lingering effects of the pandemic. In October 2021, real exports fell month-on-month and tourist receipts remained far below pre-pandemic levels. Meanwhile, political uncertainty following July's coup will have discouraged investment. Such headwinds are likely to continue in 2022; increasing presidential authoritarianism is likely to keep undermining investor confidence. Meanwhile, price pressures for basic goods – many of which are subsidised – will be aggravated by a drought and the war in Ukraine, hitting spending and the fiscal balance. More positively, the government recently presented its controversial reform plans – necessary to unlock future funds – to the IMF.

Growth should pick up somewhat in 2022, as looser Covid-19 restrictions boost domestic demand and tourism recovers. However, downside risks include a looming fiscal crisis, further political upheaval, new Covid-19 variants and further increases in inflation. Securing an IMF deal will be key to underpinning investor confidence and supporting the recovery.⁴

6.3 Key financial review

6.3.1 Financial information of the Issuer

The historical financial information about the Issuer is included in the audited consolidated financial statements of the Issuer for each of the financial years ended 31 December 2019, 2020 and 2021. There were no significant changes to the financial or trading position of the Issuer since 31 December 2021.

The said financial statements are available on the Issuer's website (www.mihplc.com) and are also available for inspection at the Issuer's registered office as set out under the heading "*Documents available for inspection*" in section 16 of this Registration Document.

In FY2020, revenue decreased by 6% (year-on-year) to €25.6 million due to the impact of the COVID-19 pandemic, while in FY2021 a further decrease of 6% was registered mainly on account of the devaluation of the Libyan Dinar at the start of the same year. Occupancy level was unchanged in FY2021 compared to the prior year (51.7%) but was 350 basis points lower than that achieved in FY2019 (55.2%).

A similar decline of 6% was recorded at EBITDA level in FY2021 and amounted to €16.9 million compared to €17.9 million in FY2020 (–€1.0 million). In FY2021, results from operating activities were higher year-on-year by €0.5 million on account of an increase in other income of €1.5 million which related to a reversal of over-estimated accrued interest on bank loan balances.

During the last financial year, share of results of equity accounted investments amounted to €2.7 million (FY2020: €3,000) and primarily comprised an uplift in the fair value of the Medina property.

Net finance costs increased substantially in FY2021 from €4.5 million in the prior year to €8.4 million. The said increase is due to a one-time loss on exchange arising in converting monetary assets and liabilities denominated in Libyan Dinars to Euro.

⁴<https://www.focus-economics.com/countries/tunisia>

In FY2021, profit before tax decreased by €0.6 million (-4%) to €13.2 million. Overall, profit for the year amounted to €10.7 million compared to €25.0 million in FY2020 (which includes a reversal of an overprovision in previous years for deferred taxes on the investment property of €11.8 million).

6.3.2 Financial information of the Guarantor

The historical financial information about the Guarantor is included in the audited financial statements of CPHCL as a stand-alone company for each of the years ended 31 December 2019, 2020 and 2021. There were no significant changes to the financial or trading position of the Guarantor since 31 December 2021.

The said financial statements are available on the Issuer's website (www.mihplc.com) and are also available for inspection at the Issuer's registered office as set out under the heading "*Documents available for inspection*" in section 16 of this Registration Document.

The Guarantor's main sources of income as a stand-alone company consist of investment income from subsidiary or associate companies and profit from sale of assets. In the financial year ended 31 December 2019, the Guarantor registered a profit after tax of €85.66 million. This was significantly higher than the corresponding figure for the financial year 2018, when the Guarantor registered a profit after tax of €0.43 million. In 2019, the company sold the Panorama Hotel and adjoining garage complex located in Czech Republic, through the disposal of its shareholding in Pankrac Property Holding s.r.o, and realised a gain on disposal of €71.64 million. This gain was partially offset by a loss of €1.36 million upon the sale of its shareholding in Corinthia Caterers Limited.

During 2019, the company also sold the catering brand to its subsidiary company IHI and registered a gain of €2.4 million. Investment income during the same year increased by €12.77 million compared to the prior year on account of a one-time dividend distribution from a wholly-owned subsidiary in the Czech Republic to the Guarantor. These particular events were the main contributors for the very significant improvement in the performance of the Guarantor for the year ended 31 December 2019.

The financial year ended 31 December 2020 was materially impacted by COVID-19 and the restrictions and limitations it imposed on the Guarantor's businesses. The Guarantor generated a loss after tax of €8.87 million. Notwithstanding the significant reduction in revenue generation, the Guarantor's loss was contained in consequence of proactive cost cutting measures taken by the Guarantor and availing itself of subsidies granted by the government.

The performance for the financial year ended 31 December 2021 resulted in a profit after tax of €1.27 million. This compares well with the performance for the financial year 2020 as the Guarantor's businesses start to recover from the effects of the COVID-19 pandemic. The main contributors to this improved performance were a net increase in revenues, including investment income of €3.81 million, and a reduction in the fair value of an indemnification liability amounting to €6.23 million.

6.4 Future investments

Pursuant to the build-operate-transfer agreement entered into on 5 December 2013 by and between CPHCL and PWL, the latter is committed, subject to the issuance of the required permits and raising the necessary financing by way of equity investment in PWL and/or bank financing, to construct the Palm Waterfront.

Furthermore, pursuant to the Issuer's 25% shareholding in MTJSC and the shareholding of the other shareholders in MTJSC, MTJSC has the equity contribution required for the first phase of the Medina Tower project and a signed term sheet with a Libyan financial institution for the debt portion of this project. The said term sheet provides for a moratorium on capital repayments for the anticipated 48-month works' period required for the completion of the development.

Save for the above, the Issuer and the Group generally is not party to any other principal investments and has not entered into or committed for any principal investments subsequent to 31 December 2021, being the date of the latest audited consolidated financial statements of the Issuer.

7 MANAGEMENT AND ADMINISTRATION

7.1 The Issuer

7.1.1 The Board of Directors of the Issuer

In terms of its Memorandum and Articles of Association, the Issuer is managed by a Board of seven Directors entrusted with the overall direction and management thereof.

The Issuer's Memorandum and Articles of Association further provide that:

- CPHCL, as the holder of ordinary 'A' shares, shall have the right to appoint three Directors to the Board;
- NREC and LPTACC, as the holders of ordinary 'B' shares, shall have the right to appoint three Directors to the Board; and
- CPHCL, NREC and LPTACC, as the holders of ordinary 'A' shares and ordinary 'B' shares, respectively, shall have the right to jointly appoint the seventh Director to the Board.

As at the date of the Prospectus, the Board of the Issuer is composed of the individuals listed in sub-section 4.1 of this Registration Document. Furthermore, in line with generally accepted principles of sound corporate governance, at least 1 of the Directors shall be a person independent of the Group.

During the first three-year term of the Issuer, the right to nominate the Chairman of the Board vested with CPHCL. Following the lapse of the said first three-year term, the right to appoint the Chairman of the Board vested jointly in NREC and LPTACC. Save for any amendments to the Memorandum and Articles of Association of the Issuer that may from time to time be made to such effect, the three-year term rotation policy will be maintained throughout the period that the Issuer is validly constituted.

The Board is responsible for the identification and execution of new investment opportunities and the funding of the Issuer's acquisitions. All proposed acquisitions of the Issuer are brought to the Board for approval. The Board is also responsible for ensuring the establishment of the appropriate management contracts of the Issuer's properties in the case of operational properties, and the negotiating and awarding of project contracts in the case of the development of new properties.

The two executive Directors of the Issuer are entrusted with the company's day-to-day management and are also directors of other companies within the Corinthia Group. The executive Directors of the Issuer are Alfred Pisani and Joseph Fenech.

The main functions of the remaining five non-executive Directors comprising the Board, two of whom are also independent of the Issuer, are to monitor the operations of the executive Directors and their performance, as well as to review any proposals tabled by the executive Directors. The non-executive Directors are Ahmed B A A Wahedi, Faisal J.S. Alessa, Joseph Pisani, Mario P. Galea and Ahmed Yousri A. Noureldin Helmy, with the latter two also being independent of the Issuer.

In line with generally accepted principles of sound corporate governance, at least one of the Directors shall be a person independent of the Group.

None of the Directors or members of management referred to in this Registration Document have, in the last five years:

- i. been the subject of any convictions in relation to fraudulent offences or fraudulent conduct;
- ii. been associated with bankruptcies, receiverships or liquidations (other than voluntary) in respect of entities in respect of which they were members of administrative, management or supervisory bodies, partners with unlimited liability (in the case of a limited partnership with a share capital), founders or members of senior management;
- iii. been the subject of any official public incrimination and/or sanctions by statutory or regulatory authorities (including designated professional bodies); or

- iv. been disqualified by a court from acting as a member of the administrative, management or supervisory bodies of a company or from acting in the management or conduct of the affairs of any company.

The Directors believe that the Issuer's current organisational structure is adequate for its present activities. The Directors will maintain this structure under continuous review to ensure that it meets the changing demands of the business and to strengthen the checks and balances necessary for better corporate governance.

7.1.2 Directors' service contracts and remuneration

None of the Directors have a service contract with the Issuer.

In accordance with the Issuer's Articles of Association, the Directors shall be paid such amount of remuneration as may be so agreed by an extraordinary resolution of the shareholders of the Issuer. Since the date of the Issuer's formation, no extraordinary resolution has been taken for this purpose.

7.1.3 Conflicts of interest at Group level

As at the date of this Registration Document, in addition to being Directors of the Issuer, Alfred Pisani and Joseph Pisani are also directors of CPHCL and Alfred Pisani together with Joseph Fenech are both also directors of MTJSC, whereas Mario P. Galea, Ahmed Helmy and Ahmed Wahedi are also directors of PCL and PWL, and Joseph Pisani and Faisal Alessa are also directors of PCL.

In light of the foregoing, given that Joseph Fenech, Mario P. Galea, Ahmed Helmy and Ahmed Wahedi are directors of Subsidiaries forming part of the Group, including the parent, such directors are susceptible to conflicts between the potentially diverging interests of the different entities comprising the Group.

In assessing Mario P. Galea and Ahmed Helmy's independence, due notice has been taken of Rule 5.119 of the Capital Markets Rules.

The Audit Committee of the Issuer has the task of ensuring that any potential conflicts of interest that may arise at any moment pursuant to these different roles held by the Directors are handled in the best interest of the Issuer and according to law. The fact that the Audit Committee is constituted in its majority by independent, non-executive Directors provides an effective measure to ensure that transactions vetted by the Audit Committee are determined on an arms-length basis. As regards related party transactions generally, the Audit Committee operates within the remit of the applicable terms of Chapter 5 of the Capital Markets Rules regulating the role of the audit committee with respect to related party transactions.

Furthermore, the Directors are fully aware that the close association of the Issuer with CPHCL and its other Subsidiaries is central to the attainment by the Issuer of its investment objectives and the implementation of its strategies. The Audit Committee ensures that transactions entered into between related parties are carried out on an arm's length basis and are for the benefit of the Issuer, and that the Issuer and its Subsidiaries accurately report all related party transactions in the notes to the Company's financial statements.

No private interests or duties unrelated to the Issuer or the Group, as the case may be, have been disclosed by the general management team which may or are likely to place any of them in conflict with any interests in, or duties towards, the Issuer.

Senior management do not hold any shares in the Issuer or the Guarantor.

To the extent known or potentially known to the Issuer as at the date of this Registration Document, other than the information contained and disclosed herein, there are no other conflicts of interest between any duties of the Directors and of executive officers of the Issuer and their respective private interests and/or their duties which require disclosure in terms of the Prospectus Regulation.

7.1.4 Loans to Directors

There are no loans outstanding by the Issuer to any of its Directors, nor any guarantees issued for their benefit by the Issuer.

7.1.5 Removal of Directors

A Director may, unless he resigns, be removed by the shareholder appointing him or by an ordinary resolution of the shareholders as provided in Article 140 of the Act. The Directors currently in office are expected to remain in office at least until the next Annual General Meeting of the Company.

7.1.6 Powers of Directors

By virtue of the provisions of the Articles of Association of the Issuer, the Directors are empowered to transact all business which is not by the Articles expressly reserved for the shareholders in general meeting.

In accordance with the Issuer's Articles of Association, the Board of the Issuer may exercise all the powers of the Issuer to borrow money and to hypothecate or charge its undertaking, property and uncalled capital or any part thereof, and to issue bonds and other securities, on such terms, in such manner and for such consideration as they may deem fit, whether outright or as security for any debt, liability or obligation of the company or of any third party, subject to the limit established in the Articles of Association and the overriding authority of the shareholders in general meeting to change, amend, restrict and/or otherwise modify such limit and the Directors' borrowing powers.

7.1.7 Employees

As at the date of the Prospectus the Issuer does not have any employees of its own and is reliant on the resources which are made available to it by CPHCL pursuant to the MSS Agreement, including, in particular, the services of Mr Reuben Xuereb, who is the Chief Executive Officer of MIH, Ms Rachel Stilon, who is the Chief Financial Officer of MIH, and Mr Stephen Bajada who acts as the Company Secretary of MIH.

During 2021 the Group employed 92 full-time members of staff, 77 of whom work in operations and the remaining 15 in administration. In this regard, the Issuer's objective remains to manage the operation of the Palm City Residences efficiently and to ensure that payroll and other operating costs continue to be met.

7.1.8 Working capital

At the end of 2021, the Group reported a working capital deficiency of €39.0 million, €40.0 million of which related to the Maturing Bonds. In addition to the Maturing Bonds, there is an amount of €3.0 million dividends payable included in current liabilities, which will only be settled cashflow permitting. Without the Maturing Bonds and the dividend payable, the Group would have reported a positive working capital of €4.0 million.

7.2 The Guarantor

7.2.1 The board of directors of the Guarantor

The Memorandum of Association of the Guarantor provides that the board of directors shall be composed of 6 directors. As at the date of the Prospectus, the board of directors of the Guarantor is constituted by the individuals set out in sub-section 4.2 of this Registration Document.

The non-executive directors' main functions are to monitor the operations of the executive directors and their performance, as well as to review any investment opportunities that are proposed by the executive directors. All proposed investments by the Guarantor are brought to the board of directors for approval.

7.2.5 Boards of CPHCL's Subsidiary companies

Each Corinthia property is owned through a Subsidiary company registered in the jurisdiction where that property is located and such Subsidiary company is required to comply with all the laws and regulations of that jurisdiction. Accordingly, a board of directors is entrusted with the responsibility of the direction and management of each Subsidiary within the strategic parameters established by the Guarantor's board of directors. In some jurisdictions the Guarantor has adopted the structure of a dual board in line with the requirements of legislation prevalent under those jurisdictions. These involve the concept of a board of directors that is entrusted with setting the policies and strategies of each respective Subsidiary to be implemented by management in the day-to-day operations and executive decisions, and a supervisory board that is entrusted with monitoring the policy implementation within that Subsidiary by management.

The board of directors of each Subsidiary is, within the strategic parameters established by the board of directors of the Guarantor, autonomous in the determination of the appropriate policies for the respective property and, in the case of hotels, is entrusted with handling the relations with the hotel operating company, as applicable. Each property, in turn, has its own management structure and employees that have the function of implementing the policies and directions of the Subsidiary boards.

There is no capital of the Issuer which is currently under option, nor is there any agreement by virtue of which any part of the capital of the Issuer is to be put under option. Furthermore, to the best of the Issuer's knowledge there are no arrangements in place as at the date of the Prospectus the operation of which may at a subsequent date result in a change in control of the Issuer.

The Issuer adopts measures in line with the Code of Principles of Good Corporate Governance forming part of the Capital Markets Rules (the "Code") with a view to ensuring that the relationship with its major shareholders is retained at arm's length, including adherence to rules on related party transactions requiring the sanction of the Audit Committee, which is constituted in its majority by independent, non-executive Directors, of which one, in the person of Mr Mario P. Galea, also acts as Chairman. The Audit Committee has the task of ensuring that any potential abuse is managed, controlled and resolved in the best interests of the Issuer. The composition of the Board, including the presence of an independent, non-executive Director not appointed by either of the major shareholders of the Issuer, effectively minimises the possibility of any abuse of control by any major shareholder.

In practice, the Pisani family is collectively (represented through the shareholders numbered 1 to 6 above) entitled to appoint 3 directors and LAFICO (numbered 7 above) is entitled to appoint the other 3. All issues arising at Board of directors meetings are to be decided by a majority of votes and in the case of equality of votes the Chairman shall not have a second or casting vote.

There is no capital of the Guarantor which is currently under option, nor is there any agreement by virtue of which any part of the capital of the Guarantor is to be put under option. To the best of the Guarantor's knowledge, there are no arrangements in place as at the date of the Prospectus the operation of which may, at a subsequent date, result in a change in control of the Guarantor.

8.3 Commissions

There were no commissions, discounts, brokerages or other special terms granted during the 2 years immediately preceding the publication of the Prospectus in connection with the issue or sale of any capital of the Issuer or the Guarantor.

9 AUDIT COMMITTEE PRACTICES

9.1 The Issuer

9.1.1 Audit Committee

The Audit Committee's objective is to assist the Board in fulfilling its supervisory and monitoring responsibilities according to terms of reference that reflect the requirements of the Capital Markets Rules, as well as current good corporate governance best practices.

The terms of reference of the Audit Committee include support to the Board of Directors of the Issuer in its responsibilities in dealing with issues of risk, control and governance, and associated assurance. The Board has set formal terms of establishment and the terms of reference of the Audit Committee which set out its composition, role and function, the parameters of its remit, as well as the basis for the processes that it is required to comply with. The Board reserved the right to change the Audit Committee's terms of reference from time to time. The Audit Committee reports directly to the Board of Directors.

The primary purpose of the Audit Committee is to assist the Directors in conducting their role effectively so that the Issuer's decision-making capability and the accuracy of its reporting and financial results are maintained at a high level at all times. The main responsibilities of the Audit Committee include, but are not limited to, the following:

- a. monitoring the financial reporting process and submitting recommendations or proposals to ensure its integrity;
- b. monitoring of the effectiveness of the Issuer's internal quality control and risk management system and its internal audit regarding the financial reporting of the Issuer;
- c. making recommendations to the Board in relation to the appointment of the external auditor and to approve the remuneration and terms of engagement of the external auditor, following appointment by the shareholders during the Issuer's Annual General Meeting;
- d. reviewing and monitoring the external auditor's independence;
- e. assessing any potential conflicts of interest between the duties of the Directors and their respective private interests or duties unrelated to the Issuer; and
- f. evaluating the arm's length nature of any proposed transactions to be entered into by the Issuer and a related party, to ensure that the execution of such transaction is at arm's length, conducted on a sound commercial basis and in the best interests of the Issuer.

The Audit Committee has the task of ensuring that any potential conflicts of interest that may arise at any moment pursuant to the different roles held by the Directors are handled in the best interest of the Issuer. Additionally, the Audit Committee has a crucial role in monitoring the activities and conduct of business of the Group's Subsidiaries, limitedly insofar as these may affect the ability of the Issuer to fulfil its Bond Obligations. The Audit Committee is also responsible for the overview of the internal audit function, details of which are set out immediately below in sub-section 9.1.2.

A majority of the Directors sitting on the Audit Committee are of an independent, non-executive capacity. The Audit Committee is presently composed of the following 3 non-executive Directors: Mario P. Galea who acts as chairman (independent, non-executive Director), Joseph Pisani (non-executive Director) and Ahmed Yousri A. Noureldin Helmy (independent, non-executive Director) who act as members. In compliance with the Capital Markets Rules, Mario P. Galea is the independent, non-executive Director who is competent in accounting and/or auditing matters in view of his considerable experience at a senior level in the audit and advisory fields. The Issuer considers that the members of the Audit Committee have the necessary experience, independence and standing to hold office as members thereof and the Audit Committee, as a whole, is deemed to have relevant competence in the sector the Company operates in. The CVs of the said Directors may be found in sub-section 4.1 above.

9.1.2 Internal audit

The internal audit function is conducted by CPHCL in terms of the MSS Agreement. The role of the internal audit team is to carry out systematic risk-based reviews and appraisals of the operations of the Issuer (as well as of its Subsidiaries and associates from time to time) for the purpose of advising management and the Board, through the Audit Committee, on the efficiency and effectiveness of internal management policies, practices and controls. The function is expected to promote the application of best practices within the Issuer's organisational structure.

The internal audit unit reports directly to the Audit Committee.

9.2 The Guarantor

9.2.1 Compliance with the Corporate Governance regime

Whilst it is not a requirement on the Guarantor to adopt the Code, it has out of its own accord chosen to introduce disciplines that are recommended in the Code, including the setting up of an Audit Committee as indicated below.

9.2.2 Audit Committee of CPHCL

The primary objective of CPHCL's Audit Committee is to assist the board of directors in fulfilling its oversight responsibilities over the financial reporting processes, financial policies and internal control structure. The committee oversees the conduct of the internal and external audit and acts to facilitate communication between the board of directors, management, the external auditors and the internal audit team. The internal and external auditors are invited to attend CPHCL's Audit Committee meetings. The Audit Committee of CPHCL reports directly to the board of directors of the said company.

The terms of reference of CPHCL's Audit Committee have been formally set out in a separate charter. Joseph F.X. Zahra acts as Chairman and Joseph J. Vella and Mario P. Galea as members, whilst Alfred Fabri performs the duties of secretary to the Audit Committee.

The Audit Committee's role includes responsibility for monitoring the performance of the entities borrowing funds from the company and also carrying out the oversight of related party transactions to ensure that these are carried out on an arm's length basis.

9.2.3 Internal audit

The role of the internal auditor is to carry out systematic risk-based reviews and appraisals of the operations of the Guarantor (as well as of the Subsidiaries and associates of the Corinthia Group) for the purpose of advising management and the board of directors, through the Audit Committee of CPHCL, on the efficiency and effectiveness of internal management policies, practices and controls. This function is expected to promote the application of best practices within the organisation. The internal auditor reports directly to CPHCL's Audit Committee.

9.2.4 Hotel operations

Day-to-day management of hotel operations are the responsibility of CHL, the Corinthia Group's hotel operating company that directs each Subsidiary's management and staff in day-to-day operations. The responsibility of the operational performance of each hotel is that of the operating company, whose performance is monitored and evaluated on a regular basis by the board of each Subsidiary, which, in turn, reports on performance and operations to IHI's or CPHCL's board of directors, or third-party owners, as the case may be.

9.2.5 Property audit

Regular property audits are carried out by QPM with respect to the Corinthia Group's properties. These audits, which are unannounced, comprise a full review of each property once a year when a physical inspection of the building and the assets is undertaken by experienced engineers. A detailed report is submitted to the owners, including a review of the maintenance systems and quality of the maintenance works with recommendations on the replacement of plant and equipment.

9.3 Related party transactions concerning CPHCL

CPHCL regularly enters into trading transactions with fellow Subsidiaries and associates within the Corinthia Group in its normal course of business. Trading transactions between these companies include items which are normally encountered in a group context and include rental charges, management fees, recharging of expenses and financing charges. These transactions are subject to the regular scrutiny of the Audit Committees of both the Issuer and of CPHCL to ensure that they are made on an arm's length basis and that there is no abuse of power by the Issuer or CPHCL in the context of related party transactions. In this regard, the Audit Committees of both the Issuer and of CPHCL meet as and when necessary for the purpose of discussing formal reports submitted by the internal audit team on any transactions or circumstances which may potentially give rise to such conflict or abuse.

10 COMPLIANCE WITH CORPORATE GOVERNANCE REQUIREMENTS

The Issuer is subject to, and continues to support, the Code and the Board has taken such measures as were considered necessary in order for the Issuer to comply with the requirements of the Code to the extent that these were deemed appropriate and complementary to the size, nature and operations of the Issuer. Save for the instances of non-adherence to the Code which are explained immediately below, the Board is of the opinion that the Issuer is in compliance with the Code:

Principle 7: under the present circumstances, the Board does not consider it necessary to appoint a committee to carry out a performance evaluation of its role, as the Board's performance is always under the scrutiny of the shareholders;

Principle 8: the Board of Directors considers that the size and operation of the Issuer does not warrant the setting up of a nomination and remuneration committee. Given that the Issuer does not have any employees of its own (its senior executive team providing services to the Issuer pursuant to the MSS Agreement), and any remuneration to the Board of Directors is determined by the shareholders of the Issuer in accordance with its Memorandum and Articles of Association, it is not considered necessary for the Issuer to maintain a remuneration committee. Also, the Issuer will not be incorporating a nomination committee. Appointments to the Board of Directors are determined by the shareholders of the Issuer in accordance with its Memorandum and Articles of Association.

As required by the Act and the Capital Markets Rules, the Issuer's financial statements are subject to annual audit by the Issuer's external auditors. Moreover, the non-executive Directors have direct access to the external auditors of the Issuer who attend at Board meetings at which the Company's financial statements are approved. Directors are entitled to seek independent professional advice at any time on any aspect of their duties and responsibilities, at the Issuer's expense.

In view of the reporting structure adopted by the Code, the Issuer, on an annual basis in its annual report, details the level of the Issuer's compliance with the principles of the Code, explaining the reasons for non-compliance, if any.

11 HISTORICAL FINANCIAL INFORMATION

In FY2020, revenue decreased by 6% (y-o-y) to €25.6 million due to the impact of the COVID-19 pandemic, while in FY2021 a further decrease of 6% was registered mainly on account of the devaluation of the Libyan Dinar at the start of the same year. Occupancy level was unchanged in FY2021 compared to the prior year (51.7%) but was 350 basis points lower than that achieved in FY2019 (55.2%).

A similar decline of 6% was recorded at EBITDA level in FY2021 and amounted to €16.9 million compared to €17.9 million in FY2020 (-€1.0 million). In FY2021, results from operating activities were higher y-o-y by €0.5 million on account of an increase in other income of €1.5 million which related to a reversal of over-estimated accrued interest on bank loan balances.

During the last financial year, share of results of equity accounted investments amounted to €2.7 million (FY2020: €3,000) principally reflecting an uplift in the fair value of the land earmarked for the development of the Medina Towers.

Net finance costs increased substantially in FY2021 from €4.5 million in the prior year to €8.4 million. The said increase is due to a one-time loss on exchange of €3.6 million arising in converting monetary assets and liabilities denominated in Libyan Dinars to Euro.

In FY2021, profit before tax decreased by €0.6 million (-4%) to €13.2 million. Overall, profit for the year amounted to €10.7 million compared to €25.0 million in FY2020 (which includes a reversal of an over-provision in previous years for income tax on account of a reduction in the overall tax from 35% to 19%).

The Issuer reported total comprehensive income for FY2021 of €7.0 million compared to €24.2 million a year earlier.

2. RISK FACTORS

THE VALUE OF INVESTMENTS, INCLUDING THE BONDS, CAN GO UP OR DOWN AND PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE PERFORMANCE.

THE NOMINAL VALUE OF THE BONDS IS REPAYABLE IN FULL UPON MATURITY, UNLESS THE BONDS ARE PREVIOUSLY RE-PURCHASED AND CANCELLED. THE ISSUER SHALL REDEEM THE BONDS ON THE REDEMPTION DATE.

AN INVESTMENT IN THE BONDS INVOLVES CERTAIN RISKS, INCLUDING THOSE DESCRIBED BELOW. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER, WITH THEIR OWN PROFESSIONAL ADVISERS, THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS, AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THE PROSPECTUS, BEFORE DECIDING TO MAKE AN INVESTMENT IN THE BONDS. SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY OR MAY NOT OCCUR AND THE ISSUER IS NOT IN A POSITION TO EXPRESS ANY VIEWS ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING.

THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS INTENDED TO BE INDICATIVE OF THE ORDER OF PRIORITY AND OF THE EXTENT OF THEIR CONSEQUENCES, AND PROSPECTIVE INVESTORS ARE HEREBY CAUTIONED THAT THE OCCURRENCE OF ANY ONE OR MORE OF THE RISKS SET OUT BELOW COULD HAVE A MATERIAL ADVERSE EFFECT ON THE GROUP'S BUSINESS, RESULTS OF OPERATIONS AND FINANCIAL CONDITION AND COULD, THEREBY, NEGATIVELY AFFECT THE ABILITY OF THE ISSUER TO MEET ITS OBLIGATIONS IN CONNECTION WITH THE PAYMENT OF INTEREST ON THE BONDS AND REPAYMENT OF PRINCIPAL WHEN DUE.

NEITHER THIS SECURITIES NOTE, NOR ANY OTHER PARTS OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE BONDS: (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDITOR OR OTHER EVALUATION, NOR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER, THE GUARANTOR, THE SPONSOR, THE REGISTRAR & MANAGER OR AUTHORISED INTERMEDIARIES THAT ANY RECIPIENT OF THIS SECURITIES NOTE OR ANY OTHER PART OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE PROSPECTUS OR ANY BONDS, SHOULD PURCHASE ANY BONDS ISSUED BY THE ISSUER.

ACCORDINGLY, PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

2.1 Forward-looking statements

This Securities Note contains "*forward-looking statements*" which include, among others, statements concerning matters that are not historical facts and which may involve projections of future circumstances. These statements by their nature involve a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer's control, and important factors that could cause actual risks to differ materially from the expectations of the Issuer's directors. Such forecasts and projections do not bind the Issuer with respect to future results and no assurance can be given that future results or expectations covered by such forward-looking statements will be achieved.

2.2 General

An investment in the Issuer and the Bonds may not be suitable for all recipients of the Prospectus and prospective investors are urged to consult an independent investment adviser licensed under the Investment Services Act (Chapter 370 of the laws of Malta) as to the suitability or otherwise of an investment in the Bonds before making an investment decision. In particular, such advice should be sought with a view to ascertaining that each prospective investor:

- i. has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference to the Prospectus or any applicable supplement;
- ii. has sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor's currency;

- iii. understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets;
- iv. is able to evaluate possible scenarios for economic, interest rate and other factors that may affect his/her/its investment and his/her/its ability to bear the applicable risks; and
- v. is able to assess as to whether an investment in the Bonds shall achieve his/her/its investment objective.

2.3 Risks relating to the Bonds

An investment in the Bonds involves certain risks including, but not limited to, those described below:

- The impact of COVID-19, and other infectious illness outbreaks that may arise in the future, could adversely affect the economies of many nations or the entire global economy, individual issuers and capital markets generally in ways that cannot necessarily be foreseen. The existence of an orderly and liquid market for the Bonds depends on a number of factors including, but not limited to, the presence of willing buyers and sellers of the Issuer's bonds at any given time. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market in which the Bonds are traded, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price, or at all.
- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds. Investors should also be aware that the price of fixed rate bonds should, theoretically, move adversely to changes in interest rates. When prevailing market interest rates are rising their prices decline and, conversely, if market interest rates are declining, the prices of fixed rate bonds rise. This is called market risk since it arises only if a Bondholder decides to sell the Bonds before maturity on the secondary market.
- Even after the Bonds are admitted to trading on the Official List of the MSE, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain a listed company in good standing. Moreover, the Malta Financial Services Authority has the authority to suspend trading or listing of the Bonds if, *inter alia*, it comes to believe that such a suspension is required for the protection of investors or the integrity or reputation of the market. The Malta Financial Services Authority may discontinue the listing of the Bonds on the MSE. Any such trading suspensions or listing revocations/discontinuations could have a material adverse effect on the liquidity and value of the Bonds.
- In the event that the Issuer wishes to amend any of the Terms and Conditions of the Bonds it shall call a meeting of Bondholders in accordance with the provisions of sub-section 6.19 of this Securities Note. These provisions permit defined majorities to bind all Bondholders, including Bondholders who do not attend and vote at the relevant meeting and Bondholders who vote in a manner contrary to the majority. Furthermore, in terms of the Guarantee, the Guarantor has the power to veto a decision by the Bondholders, taken at a Bondholders' meeting duly convened and held, to amend or waive the Terms and Conditions of the Bonds which are issued with the benefit of its Guarantee, in cases in which such amendment or waiver may give rise to changes in: (i) the amount payable by the Guarantor under the Guarantee; (ii) the term and/or frequency of such payments; (iii) the Events of Default listed in sub-section 6.16 of this Securities Note; and/or (iv) any other term which may otherwise increase the exposure of the Guarantor to the enforcement of the Guarantee. In the event that the Guarantor were to exercise such right of veto, the proposed amendment to, or waiver of, the Terms and Conditions would not be put into effect.
- The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall be guaranteed in respect of both the interest due and the principal amount under said Bonds by the Guarantor. The Bonds shall, at all times, rank *pari passu* without any priority or preference among themselves and with other outstanding and unsecured debt of each of the Issuer and the Guarantor, present and future, if any, save for such exceptions as may be provided by applicable law. Furthermore, subject to the negative pledge clause set out in sub-section 6.8 of this Securities Note, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect, which registration may further impede the ability of the Bondholders to recover their investment upon enforcement of such security interests, whether in full or in part.
- A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder's currency of reference, if different. Any adverse fluctuations may impair the return of investment of the Bondholder in real terms after taking into account the relevant exchange rate.

- The Bonds and the Terms and Conditions of the Bond Issue are based on the requirements of the Capital Markets Rules, the Companies Act and the Prospectus Regulation in effect as at the date of the Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus.

2.4 Risks relating to the Guarantee

In view of the fact that the Bonds are being guaranteed by the Guarantor on a joint and several basis, the Bondholders shall be entitled to request the Guarantor to pay both the interest due and the principal amount under said Bonds if the Issuer fails to meet any amount when due in terms of the Prospectus. The Guarantee also entitles the Bondholders to take action against the Guarantor without having to first take action against the Issuer, if the Issuer fails to pay any sum payable by it to Bondholders pursuant to the Terms and Conditions of the said Bonds. The strength of this undertaking on the part of the Guarantor and, therefore, the level of recoverability by the Bondholders from the Guarantor of any amounts due under any of the Bonds, is dependent upon and directly linked to the financial position and solvency of the Guarantor.

5. KEY INFORMATION

5.1 Reasons for the issue and use of proceeds

The proceeds from the Bond Issue, which net of Bond Issue expenses are expected to amount to approximately €29,500,000, will be used by the Issuer for the redemption of part of the outstanding amount of the Maturing Bonds remaining in issue as at 6 July 2022, being the date of redemption of the Maturing Bonds as determined by the Issuer and duly notified to Maturing Bondholders. As at the date of the Prospectus, the aggregate value of Maturing Bonds in issue stands at €40,000,000.

The residual amount required by the Issuer for the purpose of the use specified in this sub-section 5.1, that is, the redemption of the balance of the outstanding amount of the Maturing Bonds, which shall not be raised through the Bond Issue shall be financed from the Group's own funds, including bank facilities. In the event of the Issuer securing and making use of such bank facilities for the purpose contemplated herein, the Issuer shall make available to the market the necessary information in connection with such third-party financing through a company announcement.

In the event that the Bond Issue is not fully subscribed, the Issuer will proceed with the listing of the amount of Bonds subscribed for and the proceeds from the Bond Issue shall be applied for the purpose set out above.

5.2 Estimated expenses and proceeds of the issue

The Issue will involve expenses, including professional fees and costs related to publicity, advertising, printing, listing, registration, sponsor, management, selling commission and other miscellaneous costs incurred in connection with the Bond Issue. Such expenses, which shall be borne by the Issuer, are estimated not to exceed approximately €500,000, with approximately €300,000 being attributed to selling commission fees and approximately €200,000 to professional, MSE, regulatory and ancillary fees. The amount of the expenses will be deducted from the proceeds of the Issue, which, accordingly, will bring the estimated net proceeds from the Bond Issue to approximately €29,500,000. There is no particular order of priority with respect to such expenses.

6.2 Applications by Maturing Bondholders by surrendering their Maturing Bonds

- 6.2.1 The consideration payable by Maturing Bondholders applying for Bonds may be settled by the transfer to the Issuer of all or part of the Maturing Bonds held by such Applicant as at the Cut-off Date, subject to a minimum application of €5,000, which transfer shall be effected at the par value of the Maturing Bonds. Any Maturing Bondholders whose holding in Maturing Bonds is less than €5,000 shall be required to pay the difference (the "Cash Top-Up").

Maturing Bondholders electing to subscribe for Bonds through Maturing Bond Transfer shall be allocated Bonds for the corresponding nominal value of Maturing Bonds transferred to the Issuer (including Cash Top-Up, where applicable). The transfer of Maturing Bonds to the Issuer in consideration for the subscription for Bonds shall cause the obligations of the Issuer with respect to such Maturing Bonds to be extinguished and shall give rise to obligations on the part of the Issuer under the Bonds.

Bonds applied for by Maturing Bondholders by way of Maturing Bond Transfer shall be allocated prior to any other allocation of Bonds.

In the event that the aggregate value of the Applications received from Maturing Bondholders transferring all or part of the Maturing Bonds held by them as at the Cut-off Date through Maturing Bond Transfer (including Cash Top-Up, where applicable) is in excess of €30,000,000, the Issuer (acting through the Registrar & Manager) shall scale down each Application received such that the Bonds shall be made available for subscription to such Maturing Bondholders, *pari passu*, without priority or preference between them in accordance with the allocation policy to be issued in terms of sub-section 6.6 of this Securities Note.

A Maturing Bond Transfer shall be without prejudice to the rights of Maturing Bondholders to receive interest on the Maturing Bonds up to but excluding 6 July 2022. The Maturing Bonds shall be redeemed on 6 July 2022 as determined by the Issuer and duly notified to Maturing Bondholders.

All Applications for the subscription of Bonds by Maturing Bondholders by means of Maturing Bond Transfer must be submitted to any Authorised Intermediary (which include the Sponsor and the Registrar & Manager) by 12:00 hours CET of 21 June 2022.

- 6.2.2 Payment by Applicants of the Cash Top-Up referred to in sub-section 6.2.1 above, and the full price of the additional Bonds applied for referred to in sub-section 6.2.5 below, shall be made in Euro and in cleared funds at the Bond Issue Price, either through a bank transfer, by cheque payable to the respective Authorised Intermediary or by any other method of payment as accepted by the respective Authorised Intermediary.
- 6.2.3 Maturing Bondholders subscribing for Bonds by means of Maturing Bond Transfer are, in virtue of such subscription, confirming:
- i. that all or part (as the case may be) of the Maturing Bonds held by the Applicant as at the Cut-off Date are being transferred to the Issuer, together with the payment due in respect of any Cash Top-Up, as and if applicable;
 - ii. that the Application Form A constitutes the Applicant's irrevocable mandate to the Issuer to:
 - a. cause the transfer of the said Maturing Bonds in the Issuer's name in consideration of the issue of Bonds; and
 - b. engage, at the Issuer's cost, the services of such brokers or intermediaries as may be necessary to fully and effectively vest title in the said Maturing Bonds in the Issuer and fully and effectively vest title in the appropriate number of Bonds in the Applicant;
 - iii. that in respect of the payment of the Cash Top-Up in terms of sub-section 6.2.1 above and/or the exercise of the option to subscribe to additional Bonds set out in sub-section 6.2.5 below, the Applicant's remittance will be honoured on first presentation and agrees that, if such remittance is not so honoured on its first presentation, the Issuer acting through the Registrar & Manager reserve the right to invalidate the relative Application, and furthermore the Applicant will not be entitled to receive a registration advice or to be registered in the register of Bondholders, unless the Applicant makes payment in cleared funds and such consideration is accepted by the Issuer, acting through the Registrar & Manager (which acceptance shall be made in the Issuer's absolute discretion and may be on the basis that the Applicant indemnifies the Issuer against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of the Applicant's remittance to be honoured on first presentation).
- 6.2.4 Where the Applicant is the holder of Maturing Bonds which as at the Cut-off Date are held subject to usufruct, the signatures of both the bare owner and the usufructuary will be required in the Application Form A.
- 6.2.5 In addition to the aforesaid, Maturing Bondholders transferring all of the Maturing Bonds held by them as at the Cut-off Date pursuant to sub-section 6.2.1 above may apply for an amount of Bonds in excess of the amount of Maturing Bonds being transferred by Maturing Bond Transfer (including Cash Top-Up, where applicable). In such case Maturing Bondholders may subscribe for additional Bonds, in multiples of €100, by completing the appropriate section of the Application Form A.

Maturing Bondholders shall have priority in the allocation of Bonds solely with respect to that number of Bonds for which payment is being made by means of a Maturing Bond Transfer, subject to a Cash Top-Up, as and if applicable.

In the event that Maturing Bondholders apply for additional Bonds other than by Maturing Bond Transfer, no guarantee of allocation shall arise with respect to the excess Bonds applied for but such excess Bonds shall, together with Applications received from Existing MIH Bondholders as set out in sub-section 6.3 below, be subject to an allocation policy, without priority or preference between them, as shall be determined by the Issuer in accordance with sub-section 6.6 of this Securities Note.

6.2.6 Holders of Maturing Bonds as at the Cut-off Date who do not elect to avail themselves of the possibility to exchange their investment in terms of the procedure outlined in this sub-section 6.2 shall receive all capital and accrued interest (up to but excluding 6 July 2022) to date on 6 July 2022.

6.3 Applications by Existing MIH Bondholders

The balance of the Bonds not subscribed for by Maturing Bondholders limitedly by means of a Maturing Bond Transfer as contemplated in sub-section 6.2.1 above shall be made available for subscription, *pari passu* without priority or preference between them, to: (A) Maturing Bondholders in respect of any number of additional Bonds applied for other than by Maturing Bond Transfer exceeding in value the aggregate nominal value of Maturing Bonds held by them as at the Cut-Off Date, including Cash Top-Up (where applicable), as outlined in sub-section 6.2.5 above, and (B) Existing MIH Bondholders.

Applications for subscription of Bonds by Existing MIH Bondholders shall be made by completing Application Form B.

6.4 Intermediaries' Offer

Any balance of the Bonds not subscribed to by Maturing Bondholders and/or by Existing MIH Bondholders, as the case may be, shall be offered for subscription by Authorised Intermediaries participating in the Intermediaries' Offer. Any subscriptions received during the Intermediaries' Offer shall be subject to the same terms and conditions as those applicable to Applications by Maturing Bondholders and/or by Existing MIH Bondholders, but limited to any remaining balance of Bonds after fully allocating the Bonds applied for under Application Forms A and B, respectively, as detailed in sub-sections 6.2 and 6.3 above.

In this regard, the Issuer shall enter into conditional subscription agreements with a number of Authorised Intermediaries for the subscription of the resultant balance of Bonds, whereby it will bind itself to allocate Bonds thereto up to the total aggregate amount of €30,000,000 during the Intermediaries' Offer.

In terms of each subscription agreement entered into with an Authorised Intermediary, the Issuer will be conditionally bound to issue, and each Authorised Intermediary will bind itself to subscribe for, up to the total amount of Bonds as indicated therein, subject to the Bonds being admitted to trading on the Official List. The subscription agreements, which will be subject to the Terms and Conditions of the Prospectus, will become binding on each of the Issuer and the respective Authorised Intermediaries upon delivery, provided that these intermediaries would have paid to the Registrar all subscription proceeds in cleared funds on delivery of the subscription agreement.

In terms of the subscription agreements, Authorised Intermediaries may subscribe for the Bonds either for their own account or for the account of underlying customers, including retail customers. The minimum which each Authorised Intermediary may apply for in terms of the applicable subscription agreement is €5,000 and in multiples of €100 thereafter and such minimum and multiples shall also apply to each underlying Applicant.

Completed subscription agreements, together with evidence of payment, are to reach the Registrar by 12:00 hours CET on 24 June 2022. The Issuer, acting through the Registrar, shall communicate the amount allocated under each subscription agreement by 12:00 hours CET on 27 June 2022. Any amounts unallocated in terms of the subscription agreements shall be returned to the respective Authorised Intermediary by direct credit to the account indicated in the respective subscription agreement by latest close of business on 5 July 2022.

6.5 Plan of distribution and allotment

Applications for subscription to the Bonds may be made through any of the Authorised Intermediaries (which include the Sponsor and the Registrar & Manager). The Bonds are open for subscription by:

- i. Maturing Bondholders up to the amount of Maturing Bonds held as at the Cut-off Date and subject to any Cash Top-Up, as and if applicable;
- ii. Maturing Bondholders in respect of any number of additional Bonds applied for other than by Maturing Bond Transfer exceeding in value the aggregate nominal value of Maturing Bonds held by them as at the Cut-off Date (including Cash Top-Up, as and if applicable), as well as Existing MIH Bondholders, without priority or preference between either of them; and
- iii. Authorised Intermediaries through an Intermediaries' Offer in respect of any balance of the Bonds not subscribed to by Maturing Bondholders and/or by Existing MIH Bondholders, as the case may be, as aforesaid.

Applications for subscriptions to the Bonds may be made through the Authorised Intermediaries (which include the Sponsor and the Registrar & Manager) subject to a minimum Application of €5,000 and in multiples of €100 thereafter.

It is expected that an allotment letter will be issued by the Issuer to Applicants by 5 July 2022. The registration advice and other documents and any monies returnable to Applicants may be retained pending clearance of the remittance or surrender of the Maturing Bonds, as the case may be, and any verification of identity as required by the Prevention of Money Laundering Act (Chapter 373 of the laws of Malta) and regulations made thereunder. Such monies will not bear interest while retained as aforesaid.

Dealings in the Bonds shall not commence prior to the Bonds being admitted to the Official List.

6.6 Allocation policy

The Issuer shall allocate the Bonds on the basis of the following policy and order of priority:

- i. first to Maturing Bondholders applying for Bonds by way of Maturing Bond Transfer (and subject to any Cash Top-Up as and if applicable) in accordance with sub-section 6.2 above, and subject to a minimum application of €5,000. In the event that the aggregate value of the Applications received from Maturing Bondholders transferring all or part of the Maturing Bonds held by them as at the Cut-off Date through Maturing Bond Transfer (including Cash Top-Up, where applicable) is in excess of €30,000,000, the Issuer (acting through the Registrar & Manager) shall scale down each Application received such that the Bonds shall be made available for subscription to such Maturing Bondholders, *pari passu*, without priority or preference between them in accordance with the allocation policy to be determined by the Issuer;
- ii. the balance of the Bonds not subscribed for by Maturing Bondholders limitedly by means of a Maturing Bond Transfer (and subject to any Cash Top-Up as and if applicable), if any, shall be made available for subscription to: (A) Maturing Bondholders in respect of any additional Bonds applied for other than by Maturing Bond Transfer exceeding in value the aggregate nominal value of Maturing Bonds held by them as at the Cut-off Date and (B) Existing MIH Bondholders, *pari passu*, without priority or preference between them and in accordance with the allocation policy as determined by the Issuer. Accordingly, in the event that the aggregate value of the Applications received from Maturing Bondholders transferring all or part of the Maturing Bonds held by them as at the Cut-off Date through Maturing Bond Transfer (including Cash Top-Up, where applicable) is equal to or in excess of €30,000,000, (i) Maturing Bondholders applying for additional Bonds; and (ii) Existing MIH Bondholders shall not get any allocation of Bonds; and
- iii. in the event that following the allocations made pursuant to paragraphs (i) and (ii) above there shall still remain unallocated Bonds, the Issuer shall offer such remaining Bonds to Authorised Intermediaries through an Intermediaries' Offer as detailed in sub-section 6.4 above. Subscription agreements received from Authorised Intermediaries through an Intermediaries' Offer, if any, shall be allocated without priority or preference and in accordance with the allocation policy as determined by the Issuer, acting through the Registrar, which will be communicated by latest 12:00 hours CET on 27 June 2022. Any amounts unallocated in terms of the subscription agreements shall be returned to the respective Authorised Intermediary by direct credit to the account indicated in the respective subscription agreement by latest close of business on 28 June 2022.

In the event that the Bond Issue is subscribed for in full by Maturing Bondholders and/or by Existing MIH Bondholders, as the case may be, in terms of paragraphs (i) and (ii) above, the Intermediaries' Offer shall not take place.

The Issuer shall announce the result of the Bond Issue and the basis of acceptance of all Applications and the allocation policy to be adopted through a company announcement by latest 28 June 2022.

6.7 Ranking of the Bonds

The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer, guaranteed jointly and severally by the Guarantor, and shall at all times rank *pari passu*, without any priority or preference among themselves and with other outstanding and unsecured debt of each of the Issuer and the Guarantor, present and future, if any, save for such exceptions as may be provided by applicable law. Furthermore, subject to the negative pledge clause (sub-section 6.8 of this Securities Note), third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect.

The following sets out a summary of the Group’s indebtedness which as at 31 December 2021 amounted in aggregate to €81,203,000 and includes corporate bonds, other borrowings and shareholders’ loans. 6.8 Negative pledge

The Issuer undertakes, for as long as any principal or interest under the Bonds or any of the Bonds remains outstanding, not to create or permit to subsist any Security Interest (as defined below), other than a Permitted Security Interest (as defined below), upon the whole or any part of its present or future assets or revenues to secure any Financial Indebtedness (as defined below) of the Issuer. The instrument creating any such Permitted Security Interest shall provide that the Issuer’s indebtedness under the Bonds shares in and is secured equally and rateably with such Permitted Security Interest.

“**Financial Indebtedness**” means any indebtedness in respect of: (A) monies borrowed; (B) any debenture, bond, note, loan, stock or other security; (C) any acceptance credit; (D) the acquisition cost of any asset to the extent payable before or after the time of acquisition or possession by the party liable where the advance or deferred payment is arranged primarily as a method of raising finance for the acquisition of that asset; (E) leases entered into primarily as a method of raising finance for the acquisition of the asset leased; (F) amounts raised under any other transaction having the commercial effect of borrowing or raising of money; (G) any guarantee, indemnity or similar assurance against financial loss of any person;

Provided that the aggregate Security Interests referred to in (B), (C) and (D) above do not result in the Unencumbered Assets of the Issuer being less than the aggregate principal amount of the Bonds still outstanding together with one (1) year’s interest thereon;

“Unencumbered Assets” means assets which are not subject to a Security Interest or, in the case of assets which are subject to a Security Interest, the value of assets by which the value of the Security Interest is exceeded, as applicable.

Each Bond will cease to bear interest from and including its due date for redemption, unless payment of the principal amount in respect of the Bond is improperly withheld or refused or unless default is otherwise made in respect of payment, in any of which events interest shall continue to accrue at the rate specified above plus one per cent (1%), but in any event not in excess of the maximum rate of interest allowed by Maltese law. In terms of article 2156 of the Civil Code (Chapter 16 of the laws of Malta), the right of Bondholders to bring claims for payment of interest and repayment of the principal on the Bonds is barred by the lapse of five (5) years.

6.10.2 When interest is required to be calculated for any period of less than a full year, it shall be calculated on the basis of a three hundred and sixty (360) day year consisting of twelve (12) months of thirty (30) days each, and in the case of an incomplete month, the number of days elapsed.

A Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept at the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio is found on <https://eportfolio.borzamalta.com.mt/Help>.

The Bonds are being issued at par, that is, at €100 per Bond, with the full amount payable upon subscription.

6.14 Payments

- 6.14.1 Payment of the principal amount of a Bond will be made in Euro by the Issuer to the person in whose name such Bonds are registered, with interest accrued up to the Redemption Date, by means of direct credit transfer into such bank account as the Bondholder may designate from time to time, provided such bank account is denominated in Euro and held with any licensed bank in Malta. Such payment shall be effected within seven (7) days of the Redemption Date. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith. Upon payment of the Redemption Value, the Bonds shall be redeemed and the appropriate entry made in the electronic register of the Bonds at the CSD.

In the case of Bonds held subject to usufruct, payment will be made against the joint instructions of all bare owners and usufructuaries. Before effecting payment, the Issuer and/or the CSD shall be entitled to request any legal documents deemed necessary concerning the entitlement of the bare owner/s and the usufructuary/ies to payment of the Bonds.

- 6.14.2 Payment of interest on a Bond will be made to the person in whose name such Bond is registered at the close of business fifteen (15) days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate, from time to time, which is denominated in Euro and held with any licensed bank in Malta. Such payment shall be effected within seven (7) days of the Interest Payment Date. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith.
- 6.14.3 All payments with respect to the Bonds are subject in all cases to any pledge (duly constituted) and to any applicable fiscal or other laws and regulations prevailing in Malta. In particular, but without limitation, all payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made net of any amount which the Issuer is or may become compelled by law to deduct or withhold for or on account of any present or future taxes, duties, assessments or other government charges of whatsoever nature imposed, levied, collected, withheld or assessed by or within the Republic of Malta or any authority thereof or therein having power to tax.
- 6.14.4 No commissions or expenses shall be charged by the Issuer to the Bondholders in respect of payments made in accordance with this sub-section 6.14. The Issuer shall not be liable for charges, expenses and commissions levied by parties other than the Issuer.

6.15 Redemption and purchase

6.15.1 Unless previously purchased and cancelled, the Issuer hereby irrevocably covenants in favour of each Bondholder that the Bonds will be redeemed at their nominal value (together with accrued interest up to (but excluding) the date fixed for redemption) on 6 July 2027. In such a case the Issuer shall be discharged of any and all payment obligations under the Bonds upon payment made net of any withholding or other taxes due or which may be due under Maltese law and which are payable by the Bondholders.

6.15.2 Subject to the provisions of this sub-section 6.15, the Issuer may at any time purchase Bonds in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.

6.15.3 All Bonds so redeemed or re-purchased will be cancelled forthwith and may not be re-issued or re-sold.

6.16 Events of default

The Bonds shall become immediately due and repayable at their principal amount, together with any accrued interest, if any of the following events ("**Events of Default**") shall occur:

- i. if the Issuer shall fail to pay any interest on any Bond when due and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such 60 days; and/or
- ii. if the Issuer shall fail to pay the principal amount of a Bond on the date fixed for its redemption and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such 60 days; and/or
- iii. if the Issuer shall fail to perform or shall otherwise be in breach of any other material obligation contained in the Terms and Conditions and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such 60 days (where applicable); and/or
- iv. if any representation or warranty made or deemed to be made or repeated by or in respect of the Issuer or the Guarantor is or proves to have been incorrect in any material respect; and/or
- v. if an order is made or resolution passed or other action taken for the dissolution, termination of existence, liquidation, winding-up or bankruptcy of the Issuer and/or the Guarantor; and/or
- vi. if the Issuer stops or suspends payments (whether of principal or interest) with respect to all or any class of its debts or announces an intention to do so or ceases or threatens to cease to carry on its business or a substantial part of its business; and/or
- vii. if the Issuer and/or the Guarantor is unable, or admits in writing its inability, to pay its debts as they fall due or otherwise becomes insolvent; and/or
- viii. if in terms of section 214(5) of the Act, a Court order or other judicial process is levied or enforced upon or sued out against any part of the property of the Issuer and is not paid out, withdrawn or discharged within one (1) month; and/or
- ix. if a judicial or provisional administrator is appointed upon the whole or any material part of the property of the Issuer or Guarantor; and/or
- x. if there shall have been entered against the Issuer a final judgment by a court of competent jurisdiction from which no appeal may be or is made for the payment of money in excess of three million Euro (€3,000,000) or its equivalent and ninety (90) days shall have passed since the date of entry of such judgment without its having been satisfied or stayed; and/or
- xi. any default of a payment obligation which occurs and continues for ninety (90) days under any contract or document relating to any Financial Indebtedness (as defined in sub-section 6.8 above) of the Issuer in excess of three million Euro (€3,000,000) or its equivalent at any time.

Upon any such Event of Default occurring and not being remedied within the relevant cure period, as applicable, the principal monies and interest accrued under the Bonds shall be deemed to have become immediately payable at the time of the event which shall have happened as aforesaid.

6.17 Transferability of the Bonds

- 6.17.1 The Bonds are freely transferable and, once admitted to the Official List, shall be transferable only in whole (in multiples of €100) in accordance with the rules and regulations of the MSE applicable from time to time. The minimum subscription amount of €5,000 shall only apply during the Issue Period and the Intermediaries' Offer (if it takes place). As such, no minimum holding requirement shall be applicable once the Bonds are admitted to listing on the Official List of the MSE and commence trading thereafter, subject to trading in multiples of €100.
- 6.17.2 Any person becoming entitled to a Bond in consequence of the death or bankruptcy of a Bondholder may, upon such evidence being produced as may, from time to time, properly be required by the Issuer or the CSD, elect either to be registered himself/herself/itself as holder of the Bond or to have some person nominated by him/her/it registered as the transferee thereof. If the person so becoming entitled shall elect to be registered himself/herself/itself, he/she/it shall deliver or send to the CSD a notice in writing signed by him/her/it stating that he/she/it so elects. If he/she/it shall elect to have another person registered he/she/it shall testify his/her/its election by transferring the Bond, or procuring the transfer of the Bond, in favour of that person. Provided always that if a Bond is transmitted in furtherance of this paragraph 6.17.2, a person will not be registered as a Bondholder unless such transmission is made in multiples of €100.
- 6.17.3 All transfers and transmissions are subject in all cases to any pledge (duly constituted) of the Bonds and to any applicable laws and regulations.
- 6.17.4 The costs and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail (if any) and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the person to whom the transfer / transmission has been made.
- 6.17.5 The Issuer will not register the transfer or transmission of Bonds for a period of fifteen (15) days preceding the due date for any payment of interest on the Bonds or the due date for redemption.

6.18 Further issues

The Issuer may, from time to time, without the consent of the Bondholders, create and issue further debentures, debenture stock, bonds, loan notes, or any other debt securities, either having the same terms and conditions as any outstanding debt securities of any series (including the Bonds) and so that such further issue shall be consolidated and form a single series with the outstanding debt securities of the relevant series (including the Bonds), or upon such terms as the Issuer may determine at the time of their issue.

6.19 Meetings of Bondholders

- 6.19.1 The Issuer may, from time to time, call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of obtaining the consent of Bondholders on matters which in terms of the Prospectus require the approval of a Bondholders' meeting and to affect any change to the applicable Terms and Conditions of the Bonds.
- 6.19.2 A meeting of Bondholders shall be called by the Directors by giving (i) all Bondholders listed on the register of Bondholders as at a date being not more than thirty (30) days preceding the date scheduled for the meeting; and (ii) the Guarantor, not less than fourteen (14) days' notice in writing. Such notice shall set out the time, place and date set for the meeting and the matters to be discussed or decided thereat, including, if applicable, sufficient information on any amendment of the Prospectus that is proposed to be voted upon at the meeting and seeking the approval of the Bondholders. Following a meeting of Bondholders held in accordance with the provisions contained hereunder, the Issuer shall, acting in accordance with the resolution(s) taken at the meeting, communicate to the Bondholders whether the necessary consent to the proposal made by the Issuer has been granted or withheld. Subject to having obtained the necessary approval by the Bondholders in accordance with the provisions of this sub-section 6.19 at a meeting called for that purpose as aforesaid, any such decision shall subsequently be given effect to by the Issuer.

- 6.19.3 No change or amendment to, or waiver of, any of the applicable Terms and Conditions of the Bonds may be made unless such decision is made at a meeting of Bondholders duly convened and held for that purpose in accordance with the terms hereof.
- 6.19.4 A meeting of Bondholders shall only validly and properly proceed to business if there is a quorum present at the commencement of the meeting. For this purpose, at least two (2) Bondholders present, in person or by proxy, representing not less than 50% in nominal value of the Bonds then outstanding, shall constitute a quorum. If a quorum is not present within thirty (30) minutes from the time scheduled for the commencement of the meeting as indicated on the notice convening same, the meeting shall stand adjourned to a place, date and time as shall be communicated by the Directors to the Bondholders present at that meeting. The Issuer shall within two (2) days from the date of the original meeting publish by way of a company announcement the date, time and place where the adjourned meeting is to be held. An adjourned meeting shall be held not earlier than seven (7) days, and not later than fifteen (15) days, following the original meeting. At an adjourned meeting the number of Bondholders present at the commencement of the meeting, in person or by proxy, shall constitute a quorum; and only the matters specified in the notice calling the original meeting shall be placed on the agenda of, and shall be discussed at and decided upon during, the adjourned meeting.
- 6.19.5 Any person who in accordance with the Memorandum and Articles of Association of the Issuer is to chair the annual general meetings of shareholders shall also chair meetings of Bondholders.
- 6.19.6 Once a quorum is declared present by the chairperson of the meeting, the meeting may then proceed to business and address the matters set out in the notice convening the meeting. In the event of decisions being required at the meeting the Directors or their representative shall present to the Bondholders the reasons why it is deemed necessary or desirable and appropriate that a particular decision is taken. The meeting shall allow reasonable and adequate time to Bondholders to present their views to the Issuer and the other Bondholders present at the meeting. The meeting shall then put the matter as proposed by the Issuer to a vote of the Bondholders present at the time at which the vote is being taken, and any Bondholders taken into account for the purpose of constituting a quorum who are no longer present for the taking of the vote shall not be taken into account for the purpose of such vote.
- 6.19.7 The voting process shall be managed by the Issuer's company secretary under the supervision and scrutiny of the auditors of the Issuer.
- 6.19.8 The proposal placed before a meeting of Bondholders shall only be considered approved if at least sixty per cent (60%) in nominal value of the Bondholders present at the meeting, or at any adjourned meeting, as the case may be, at the time when the vote is being taken, in person or by proxy, shall have voted in favour of the proposal.
- In terms of the Guarantee, the Guarantor has the power to veto a decision by the Bondholders, taken at a Bondholders' meeting duly convened and held, to amend or waive the Terms and Conditions of the Bonds which are issued with the benefit of its Guarantee, in cases in which such amendment or waiver may give rise to changes in: (i) the amount payable by the Guarantor under the Guarantee; (ii) the term and/or frequency of such payments; (iii) the Events of Default listed in sub-section 6.16 of this Securities Note; and/or (iv) any other term which may otherwise increase the exposure of the Guarantor to the enforcement of the Guarantee. In the event that the Guarantor were to exercise such right of veto, the proposed amendment to, or waiver of, the Terms and Conditions would not be put into effect.
- 6.19.9 Save for the above, the rules generally applicable to proceedings at general meetings of shareholders of the Issuer shall *mutatis mutandis* apply to meetings of Bondholders.

6.20 Authorisations and approvals

The Directors of the Issuer authorised the Bond Issue and the publication of the Prospectus pursuant to a Board of Directors' resolution passed on 15 April 2022. The Guarantee being given by the Guarantor in respect of the Bonds has been authorised by a resolution of the board of directors of the Guarantor dated 27 April 2022.

6.21 Admission to trading

- 6.21.1 The Malta Financial Services Authority has authorised the Bonds as admissible to Listing pursuant to the Capital Markets Rules by virtue of a letter dated 31 May 2022.

6.21.2 Application has been made to the Malta Stock Exchange for the Bonds being issued pursuant to the Prospectus to be listed and traded on its Official List.

6.21.3 The Bonds are expected to be admitted to the Malta Stock Exchange with effect from 5 July 2022 and trading is expected to commence on 6 July 2022. Dealing may commence prior to notification of the amount allotted being issued to Applicants.

6.22 Representations and warranties

6.22.1 The Issuer represents and warrants to Bondholders, who shall be entitled to rely on such representations and warranties, that:

- i. it is duly incorporated and validly existing under the laws of Malta and has the power to carry on its business as it is now being conducted and to hold its property and other assets under legal title; and
- ii. it has the power to execute, deliver and perform its obligations under the Prospectus and that all necessary corporate, shareholder and other actions have been duly taken to authorise the execution, delivery and performance of the same, and further that no limitation on its power to borrow or guarantee shall be exceeded as a result of the Terms and Conditions of the Prospectus.

6.22.2 To the best of the Directors' knowledge, the Prospectus contains all relevant material information with respect to the Issuer, the Guarantor and the Bonds and all information contained in the Prospectus is in every material respect true and accurate and not misleading, and there are no other facts in relation to the Issuer and/or the Guarantor, their respective businesses and financial position, the omission of which would, in the context of issue of the Bonds, make any statement in the Prospectus misleading or inaccurate in any material respect.

6.23 Bonds held jointly

In respect of any Bonds held jointly by several persons (including spouses), the person whose name shall be inserted in the field entitled "Applicant" on the Application Form, or the first named in the register of Bondholders shall, for all intents and purposes, be deemed to be such nominated person by all those joint holders whose names appear in the field entitled "Additional Applicants" in the Application Form or joint holders in the register, as the case may be. Such person shall, for all intents and purposes, be deemed to be the registered holder of the Bonds so held.

6.24 Bonds held subject to usufruct

In respect of a Bond held subject to usufruct, the name of the bare owner and the usufructuary shall be entered in the register. The usufructuary shall, for all intents and purposes, be deemed *vis-a-vis* the Issuer to be the holder of the Bonds so held and shall have the right to receive interest on the Bonds and to vote at meetings of the Bondholders but shall not, during the existence of the Bonds, have the right to dispose of the Bonds so held without the consent of the bare owner, and shall not be entitled to the repayment of principal on the Bonds (which shall be due to the bare owner).

6.25 Governing law and jurisdiction

6.25.1 The Bonds are governed by and shall be construed in accordance with Maltese law.

6.25.2 Any legal action, suit or proceedings against the Issuer and/or the Guarantor arising out of or in connection with the Bonds and/or the Prospectus shall be brought exclusively before the Maltese courts.

6.26 Notices

Notices will be mailed to Bondholders at their registered addresses and shall be deemed to have been served at the expiration of twenty-four (24) hours after the letter containing the notice is posted, and in proving such service it shall be sufficient to prove that a prepaid letter containing such notice was properly addressed to such Bondholder at his/her/its registered address and posted.

7. TAXATION

7.1 General

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation which may be applicable to the acquisition, holding and disposal of Bonds, as well as any interest payments made by the Issuer. The following is a summary of the anticipated tax treatment applicable to the Bonds and to Bondholders in so far as taxation in Malta is concerned. This information, that does not constitute legal or tax advice and does not purport to be exhaustive, refers only to Bondholders who do not deal in securities in the course of their normal trading activity.

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation, as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors who do not deal in the acquisition and disposal of securities in the course of their normal trading activities. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

7.2 Malta tax on interest

Since interest is payable in respect of a Bond which is the subject of a public issue, unless the Issuer is otherwise instructed by a Bondholder to receive the interest gross of any withholding tax or if the Bondholder does not fall within the definition of “recipient” in terms of article 41(c) of the Income Tax Act (Chapter 123 of the laws of Malta), interest shall be paid to such person net of a final withholding tax, currently at the rate of 15% (10% in the case of certain types of collective investment schemes) of the gross amount of the interest, pursuant to article 33 of the Income Tax Act. Bondholders who do not fall within the definition of a “recipient” do not qualify for the said rate and should seek professional advice on the taxation of such income as special rules may apply.

This withholding tax is considered as a final tax and a Maltese resident individual Bondholder is not obliged to declare the interest so received in his/her income tax return (to the extent that the interest is paid net of tax). No person (whether corporate or non-corporate) shall be charged to further tax in respect of such income and the tax deducted shall not be available as a credit against the recipient’s tax liability or available as a refund, as the case may be.

The Issuer will render an account to the Maltese Commissioner for Revenue of all amounts of interest paid and tax so deducted, including the identity of the recipient.

In the case of a valid election made in writing by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his/her/its Maltese income tax return and be subject to tax on such interest at the standard rates applicable to that person at that time. Additionally, in this latter case the Issuer will advise the Malta Commissioner for Revenue on an annual basis in respect of all interest paid gross and of the identity of all such recipients. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c) of the Income Tax Act, Bondholders who are not resident in Malta satisfying the applicable conditions set out therein, including but not limited to the condition that the Bondholder is not owned and controlled by, whether directly or indirectly, nor acts on behalf of an individual/s who are ordinarily resident and domiciled in Malta, are not taxable in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

7.3 Exchange of information

In terms of applicable Maltese legislation, the Issuer and/or its agent are required to collect and forward certain information (including, but not limited to, information regarding payments made to Bondholders) to the Maltese Commissioner for Revenue. The Commissioner for Revenue will or may, in turn, automatically or on request, forward the information to other relevant tax authorities subject to certain conditions. Please note that this does not constitute tax advice and Applicants are to consult their own independent tax advisors in case of doubt.

7.4 Maltese taxation on capital gains on transfer of the Bonds

On the assumption that the Bonds would not fall within the definition of “securities” in terms of article 5(1)(b) of the Income Tax Act, that is, “*shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return*”, to the extent that the Bonds are held as capital assets by the Bondholder, no income tax on capital gains should be chargeable in respect of a transfer of the Bonds.

7.5 Duty on documents and transfers

In terms of the Duty on Documents and Transfers Act (Chapter 364 of the laws of Malta), duty is chargeable *inter alia* on the transfer or transmission *causa mortis* of marketable securities. A marketable security is defined in the said legislation as “*a holding of share capital in any company and any document representing the same*”.

Accordingly, the Bonds should not be treated as constituting marketable securities within the meaning of the aforementioned legislation and, therefore, the transfer/transmission thereof should not be chargeable to duty.

Furthermore, even if the Bonds are considered to be marketable securities for the purposes of the Duty on Documents and Transfers Act, in terms of article 50 of the Financial Markets Act (Chapter 345 of the laws of Malta), in view of the fact that the Bonds constitute financial instruments of a company quoted on a regulated market exchange, as is the MSE, redemptions and transfers of the Bonds should in any case be exempt from Maltese duty.

8. TERMS AND CONDITIONS OF THE BOND ISSUE

- 8.1 The following Terms and Conditions shall be read in conjunction with all the other terms and conditions relative to and regulating the contractual relationship created between the Issuer and the Guarantor on the one hand and the Bondholders on the other.
- 8.2 The issue and allotment of the Bonds is conditional upon the Bonds being admitted to trading on the Official List. In the event that the Bonds are not admitted to the Official List, no Maturing Bond Transfers (see section 6.2.1 above) shall take effect and any application monies received by the Issuer from all Applicants will be returned without interest by direct credit into the Applicant's bank account indicated by the Applicant/Authorised Intermediary on the relative Application Form/subscription agreement.
- 8.3 In view of the fact that the proceeds of the Bond Issue are intended to be applied to the redemption of the outstanding amount of the Maturing Bonds, the Issuer has not established an aggregate minimum subscription level for the Bond Issue.
- 8.4 Application for the Bonds may be lodged with any Authorised Intermediary (which include the Sponsor and the Registrar & Manager) by not later than 12:00 hours (CET) on 21 June 2022. Applications must be accompanied by the full price of the Bonds applied for, in Euro. Payment may be made by credit transfer, by cheque payable to the respective Authorised Intermediary or by any other method of payment as accepted by the respective Authorised Intermediary. In any case, acceptance of payment shall be made at the Authorised Intermediary's sole and absolute discretion and may be on the basis that the Applicant indemnifies the Authorised Intermediary against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of the Applicant's remittance to be honoured on first presentation, and that, at any time prior to unconditional acceptance by the Authorised Intermediary of such late payment in respect of such Bonds, the Authorised Intermediary may (without prejudice to other rights) treat the agreement to allocate such Bonds as void, in which case the Applicant will not be entitled to any refund or payment in respect of such Bonds (other than return of such late payment).

- 8.5 It is the responsibility of investors wishing to apply for the Bonds to inform themselves as to the legal requirements of so applying, including any requirements relating to external transaction requirements in Malta and any exchange control in the countries of their nationality, residence or domicile.
- 8.6 The contract created by the Issuer's acceptance of an Application filed by a prospective bondholder shall be subject to all the Terms and Conditions set out in this Securities Note.
- 8.7 If an Application Form is signed on behalf of another party or on behalf of a corporation or corporate entity or association of persons, the person signing will be deemed to have duly bound his principal, or the relative corporation, corporate entity, or association of persons, and will be deemed also to have given the confirmations, warranties and undertakings contained in these Terms and Conditions on their behalf. Such representative may be requested to submit the relative power of attorney/ resolution or a copy thereof duly certified by a lawyer or notary public if so required by the Issuer acting through the Registrar, but it shall not be the duty or responsibility of the Registrar or the Issuer to ascertain that such representative is duly authorised to appear on the Application Form and bind the Applicant.
- 8.8 Applications in the name of a corporation or corporate entity or association of persons need to include a valid Legal Entity Identifier ("LEI") (which needs to be unexpired) in the space provided on the Application Form. Failure to include a valid LEI code will result in the Application being cancelled by the Issuer, acting through the Registrar, and subscription monies will be returned to the Applicant in accordance with the terms set out herein.
- 8.9 In the event that an Applicant fails to submit full information and/or documentation required with respect to an Application, the Applicant shall receive a full refund, without interest, by direct credit transfer to such account indicated in the Application Form at any time before the Bonds are admitted to listing on the Official List of the MSE. Neither the Issuer nor the Registrar shall be responsible for any charges, loss or delay arising in connection with such credit transfer.
- 8.10 In the case of joint Applications, reference to the Applicant in these Terms and Conditions is a reference to each of the joint Applicants, and liability therefor is joint and several.
- 8.11 Applications in the name and for the benefit of minors shall be allowed provided that the Applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption monies payable to the parents / legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption monies shall be paid directly to the registered holder, provided that the Issuer has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years.
- 8.12 The Bonds have not been and will not be registered under the Securities Act of 1933 of the United States of America and, accordingly, may not be offered or sold within the United States or to or for the account or benefit of a U.S. person.
- 8.13 No person receiving a copy of the Prospectus or an Application Form in any territory other than Malta may treat the same as constituting an invitation or offer to such person, nor should such person in any event use such Application Form, unless, in the relevant territory, such an invitation or offer could lawfully be made to such person or such Application Form could lawfully be used without contravention of any regulation or other legal requirements. Having considered the circumstances, the Issuer has formed the view (due to the onerous requirements involved in the registration of the Prospectus in any territory other than Malta and/or compliance with the relevant legal or regulatory requirements) not to send Application Forms to Maturing Bondholders and Existing MIH Bondholders having their address as included in the register of bondholders outside Malta, except where, *inter alia*, in the absolute discretion of the Issuer, it is satisfied that such action would not result in a contravention of any applicable legal or regulatory requirement in the relevant jurisdiction.
- 8.14 It is the responsibility of any person outside Malta wishing to make any Application to satisfy himself/herself/itself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities required to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
- 8.15 Subject to all other Terms and Conditions set out in the Prospectus, the Issuer or the Authorised Intermediary as applicable reserves the right to reject, in whole or in part, or to scale down, any Application, and to present any cheques and/or drafts for payment upon receipt. The right is also reserved to refuse any Application which in the opinion of the Issuer, acting through the Registrar, is not properly completed in all respects in accordance with the relative instructions or is not accompanied by the required documents.

- 8.16 Save where the context requires otherwise or where otherwise defined therein, terms defined in the Prospectus bear the same meaning when used in these Terms and Conditions, in the Application Forms, in any of the annexes and in any other document issued pursuant to the Prospectus.
- 8.17 The Issuer has not sought assessment of the Bonds by any independent credit rating agency.
- 8.18 Subject to all other Terms and Conditions set out in the Prospectus, the Issuer reserves the right to revoke the Bond Issue at any time before the closing of the Issue Period and/or the Intermediaries' Offer (if it takes place). The circumstances in which such revocation might occur are expected to be exceptional, for example where a significant change in market conditions occurs.
- 8.19 The Bonds will be issued in multiples of €100. The minimum subscription amount of Bonds that can be subscribed for by all Applicants is €5,000.
- 8.20 For the purposes of the Prevention of Money Laundering and Funding of Terrorism Regulations (Subsidiary Legislation 373.01), as may be amended from time to time, all appointed Authorised Intermediaries are under a duty to communicate, upon request, all information about clients as is mentioned in articles 1.2(d) and 2.4 of the *"Members' Code of Conduct"* appended as Appendix 3.6 to Chapter 3 of the MSE Bye-Laws, irrespective of whether the said appointed Authorised Intermediaries are Malta Stock Exchange members or not. Such information shall be held and controlled by the Malta Stock Exchange in terms of the General Data Protection Regulation (EU) 2016/679 (GDPR) and the Data Protection Act (Chapter 586 of the laws of Malta) for the purposes and within the terms of the Malta Stock Exchange Data Protection Policy as published from time to time.
- 8.21 It shall be incumbent on the respective Authorised Intermediaries to ascertain that all other applicable regulatory requirements relating to subscription of Bonds by an Applicant are complied with, including without limitation the obligation to comply with all applicable MiFIR requirements as well as applicable MFSA Rules for investment services providers, all applicable Anti-Money Laundering and Counter Terrorist Financing rules and regulations, as well as the applicable MFSA Conduct of Business Rules.
- 8.22 By completing and delivering an Application Form, the Applicant:
- i. agrees and acknowledges to have had the opportunity to read the Prospectus and to be deemed to have had notice of all information and representations concerning the Issuer and the Guarantor and the issue of the Bonds contained therein;
 - ii. warrants that the information submitted by the Applicant in the Application Form is true and correct in all respects. All Applications need to include a valid MSE account number in the name of the Applicant/s. Failure to include an MSE account number will result in the Application being cancelled by the Issuer (acting through the Registrar) and subscription monies will be returned to the Applicant. In the event of a discrepancy between the personal details (including name and surname and the Applicant's address) appearing on the Application Form and those held by the MSE in relation to the MSE account number indicated on the Application Form, the details held by the MSE shall be deemed to be the correct details of the Applicant;

- viii. warrants that all applicable exchange control or other regulations (including those relating to external transactions) have been duly and fully complied with;

- x. agrees that unless such Application is made with M.Z. Investment Services Limited as an Authorised Intermediary, M.Z. Investment Services Limited will not, in its capacity of Sponsor, treat the Applicant as its customer by virtue of such Applicant making an Application for the Bonds, and that M.Z. Investment Services Limited will owe the Applicant no duties or responsibilities concerning the price of the Bonds or their appropriateness and suitability for the Applicant;
- xi. agrees that all documents in connection with the issue of the Bonds and any returned monies, including refunds of unapplied Application monies, if any, will be sent at the Applicant’s own risk and may be sent, in the case of documents, by post at the address (or, in the case of joint Applications, the address of the first named Applicant) as set out in the Application Form and in the case of monies by direct credit into the Applicant’s bank account as indicated by the Applicant on the Application Form;

Furthermore, the Applicant will not be entitled to receive a registration advice or to be registered in the register of Bondholders or to enjoy or receive any rights in respect of such Bonds, unless the Applicant makes payment in cleared funds and such consideration is accepted by the respective Authorised Intermediary (which acceptance shall be made in the Authorised Intermediary’s sole and absolute discretion and may be on the basis that the Applicant indemnifies the Authorised Intermediary against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of the Applicant’s remittance to be honoured on first presentation, and that, at any time prior to unconditional acceptance by the Authorised Intermediary of such late payment in respect of such Bonds, the Authorised Intermediary may (without prejudice to other rights) treat the agreement to allocate such Bonds as void and may allocate such Bonds to some other person, in which case the Applicant will not be entitled to any refund or payment in respect of such Bonds (other than return of such late payment));
- xv. agrees that all Applications, acceptances of applications and contracts resulting therefrom will be governed by, and construed in accordance with, Maltese law and that he/she/it submits to the exclusive jurisdiction of the Maltese Courts and agrees that nothing shall limit the right of the Issuer to bring any action, suit or proceeding arising

- xvi. warrants that if he/she signs the Application Form on behalf of another party or on behalf of a corporation or corporate entity or association of persons, he/she has due authority to do so and such person, corporation, corporate entity or association of persons will also be bound accordingly, and will be deemed also to have given the confirmations, warranties and undertakings contained in these Terms and Conditions;
- xvii. warrants that he/she is not under the age of eighteen (18) years or if he/she is lodging an Application in the name and for the benefit of a minor, warrants that he/she is the parent or legal guardian of the minor;
- xviii. confirms that, in the case of a joint Application entered into in joint names, the first named Applicant shall be deemed the holder of the Bonds; and
- xix. agrees that, in all cases, any refund of unallocated Application monies, if any, will be sent to the Applicant by direct credit into the Applicant's bank account as indicated by the Applicant on the Application Form. No interest shall be due on refunds. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith.

ANNEX I | THE GUARANTEE
CPHCL COMPANY LIMITED – C 257 (THE “GUARANTOR”)

3. Terms of the Guarantee

3.1 Covenant to pay

For the purposes of the Guarantee, the Guarantor, as primary obligor, hereby jointly and severally with the Issuer irrevocably and unconditionally guarantees to each Bondholder that if for any reason the Issuer fails to pay any sum payable by it to such Bondholder pursuant to the Terms and Conditions of the Bonds detailed in the Securities Note as and when the same shall become due under any of the foregoing, the Guarantor will pay to such Bondholder on written demand the amount payable by the Issuer to such Bondholder. All demands shall be sent to the address stated below in clause 3.11 as the same may be changed by company announcement issued by the Issuer from time to time.

Such payment shall be made in the currency in force in Malta at the time the payment falls due.

All payments shall be made to Bondholders without any withholding for taxes (and in so far as this obligation exists under any law, the payment shall be grossed up by the amount of withholding) and without set-off for any amounts which may be then owing to the Guarantor by the Issuer.

This Guarantee shall apply to all Bonds issued on or about 5 July 2022 in accordance with the terms of the Securities Note.

3.2 Guarantor as joint and several surety

The Guarantor will be liable under this Guarantee as joint and several surety with the Issuer.

3.3 Maximum liability

This is a continuing Guarantee for the whole amount due or owing under the Bonds or which may hereafter at any time become due or owing under the Bonds by the Issuer, but the amount due by the Guarantor to the Bondholders under this Guarantee shall be up to and shall not be in excess of €30,000,000 (thirty million Euro), apart from interest due up to the date of payment and costs and expenses relating to the protection, preservation, collection or enforcement of the Bondholders' rights against the Issuer and/or the Guarantor, which shall be additional to the maximum sum herein stated.

3.4 Continuing and unconditional liability

The liability of the Guarantor under this Guarantee shall be continuing until such time as the Indebtedness is fully repaid and shall in no way be prejudiced or affected, nor shall it in any way be discharged or reduced, by reason of:

- a. the bankruptcy, insolvency or winding up of the Issuer; or
- b. the incapacity or disability of the Issuer; or
- c. any change in the name, style, constitution, any amalgamation or reconstruction of either the Issuer or the Guarantor; or

ANNEX I | FINANCIAL ANALYSIS
CPHCL COMPANY LIMITED – C 257 (THE “GUARANTOR”)

- e. any event, act or omission that might operate to exonerate the Guarantor without settlement in full of the Indebtedness towards the relevant Bondholder.

3.5 Indemnity

As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any Indebtedness to be payable by the Issuer but which is for any reason (whether or not now known or becoming known to the Issuer, the Guarantor or any Bondholder) not recoverable from the Guarantor, will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Bondholder on demand. This indemnity constitutes a separate and independent obligation from the other obligations in this Guarantee and gives rise to a separate and independent cause of action.

3.7 Deposit and production of the Guarantee

The original instrument creating this Guarantee shall be deposited with and be held by the Issuer at its registered address for the benefit of the Bondholders until all obligations of the Guarantor have been discharged in full, and until such time the Guarantor acknowledges the right of every Bondholder to obtain a copy of the instrument creating the Guarantee.

3.8 Subrogation

Notes on how to complete this Application Form and other information

The following notes are to be read in conjunction with the Prospectus dated 31 May 2022 regulating the Bond Issue

This Application Form is not transferable and entitles you to a preferential treatment as holder of the 5% Mediterranean Investments Holding p.l.c. 2022 (the "Maturing Bonds") and is to be submitted as a method of payment where the Applicant selects to apply for the 5.25% Mediterranean Investments Holding p.l.c. Unsecured Bonds 2027 (the "Bonds") so as to transfer to the Issuer all or part of the holding in the Maturing Bond held by the Applicant as at the Cut-Off Date, the nominal value of which is set out in Box 1 of Panel B. By submitting this signed Application Form, Maturing Bondholders shall be deemed to:

- i. cause the transfer of the said Maturing Bonds in the Issuer's name in consideration of the issue of Bonds; and
- ii. engage, at the Issuer's cost, the services of such brokers or intermediaries as may be necessary to fully and effectively vest title in the said Maturing Bonds in the Issuer and fully and effectively vest title in the appropriate number of Bonds in the Applicant.

1. This Application is governed by the Terms and Conditions of the Bond Issue contained in Section 8 of the Securities Note dated 31 May 2022 forming part of the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Prospectus.
2. The Application Form is to be completed in BLOCK LETTERS. For applicants who are non-residents in Malta for tax purposes, the relative box in Panel F must be completed.

3. The MSE account number pertaining to the Maturing Bondholders, has been preprinted in Panel A and reflects the MSE account number on the bond register of the Maturing Bonds held at the CSD as at 30 May 2022 (trading session of the 26 May 2022). If an MSE account pertains to more than one person (including husband and wife), the full details of all individuals must be given in Panels A and B but the first named bondholder shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 6 below). Applications by more than two persons are to use the Addendum to the Application Form.

Upon submission of an Application Form, Bondholders who opt to have an online e-portfolio facility (by marking the relative box in Panel A), will receive by mail at their registered address a handle code to activate the new e-portfolio login. Registration for the e-Portfolio facility requires a mobile number to be provided on the Application Form. The Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio may be found on <https://eportfolio.borzamalta.com.mt/Help>.

4. Applications in the name and for the benefit of minors shall be allowed provided that the applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Company has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years. Panel C must be inserted with full details of the parents/legal guardians.

5. In the case of a body corporate, a valid Legal Entity Identifier ("LEI") needs to be inserted in Panel A. **Failure to include a valid LEI code, will result in the Application being cancelled by the Registrar.** Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.

6. **MATURING BONDHOLDERS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED BY THE MALTA STOCK EXCHANGE IN THE MSE ACCOUNT QUOTED ON THIS APPLICATION FORM EVEN IF THE DETAILS OF SUCH MSE ACCOUNT NUMBER, AS HELD BY THE CSD OF THE MALTA STOCK EXCHANGE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF. A SEPARATE REQUEST BY THE APPLICANT TO CHANGE THESE DETAILS AS RECORDED AT THE MSE, WILL HAVE TO BE EFFECTED.**

7. Where a decision to invest is taken by a third party authorised to transact on behalf of the Applicant (a "decision maker") such as an individual that holds a power of attorney to trade on the Applicant's account or applications under a discretionary account, details of the decision maker need to be included in Panel C.

8. Where an MSE account number is held subject to usufruct, Panel C needs to be completed and both the bare owner/s and the usufructuary/ies are to sign this Application Form.

9. **The amount set out in Box 3 of Panel D overleaf must be for a minimum of €5,000 and in multiples of €100.** Where the Applicant wishes to acquire a number of Bonds having an aggregate value which exceeds the nominal value of the number of Maturing Bonds set out in Box 1 of Panel B, the Applicant may do so by including such higher amount in Box 3 in Panel B. In such case, the Applicant must ensure that the relative Application Form is accompanied by payment of the difference between the full price of the amount of Bonds applied for and the nominal value of Maturing Bonds being transferred as set out in Box 2.

10. Only Applicants who hold a valid official Maltese Identity Card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have final withholding tax, currently 15%, deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but will be obliged to declare interest so received in the tax return. The Company will render an account to the Maltese Commissioner for Revenue of all interest paid, all amounts of tax deducted by the payor in respect of the interest paid and of the identity of all such recipients. Interest received by non-resident Applicants is not taxable in Malta and non-residents will receive interest gross. Authorised entities applying in the name of a prescribed fund will have final withholding tax (currently 10%), deducted from interest payments.

In terms of Section 7.2 of the Securities Note, unless the Company is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Cap. 123 of the laws of Malta), interest shall be paid to such person net of final withholding tax, (currently 15%) of the gross amount of interest, pursuant to article 33 of the Income Tax Act (Cap. 123 of the laws of Malta).

11. Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Director General Inland Revenue, Malta, who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the Council Directive 2014/107/EU, of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation.

The contents of Notes 10 and 11 above do not constitute tax advice by the Company and Applicants are to consult their own independent tax advisors in case of doubt.

12. Interest, refund and redemption proceeds will be credited to the account indicated in Panel G or as otherwise amended by the Bondholder/s during the term of the Bond.

13. The Issue Period will open at 08:30 hours on 8 June 2022 and will close at 12:00 hours on 21 June 2022. Application for Bonds may be lodged with any Authorised Intermediary listed in Annex IV of the Securities Note during normal office hours. Remittances by post are made at the risk of the Applicant and the Company disclaims all responsibility for any such remittances not being received by the date of closing of the subscription lists. If any Application is not accepted after the closure of the subscription lists or is accepted for fewer Bonds than those applied for, the monies equivalent to the number of Bonds not being accepted will be returned by direct credit into the IBAN specified in panel G.

14. By completing and delivering an Application Form you (as the Applicant(s)) acknowledge that:
 - a. the Company or its duly appointed agents including the CSD and the Registrar, may process the personal data that you provide in the Application Form in accordance with the Data Protection Act (Cap. 586 of the laws of Malta) and the General Data Protection Regulation (GDPR) (EU) 2016/679 as amended from time to time;
 - b. the Company may process such personal data for all purposes necessary for and related to the Bonds applied for; and
 - c. you, as the Applicant, have the right to request access to and rectification of the personal data relating to you, as processed by the Company.

Any such requests must be made in writing and addressed to the Company. The request must be signed by yourself as the Applicant to whom the personal data relates.

The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds on offer will be repayable in full upon redemption. An investor should consult an independent financial advisor, licensed under the Investment Services Act (Cap. 370 of the laws of Malta), for advice.

Notes on how to complete this Application Form and other information

The following notes are to be read in conjunction with the Prospectus dated 31 May 2022 regulating the Bond Issue

1. This Application is governed by the Terms and Conditions of the Bond Issue contained in Section 8 of the Securities Note dated 31 May 2022 forming part of the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Prospectus.
2. The Application Form is to be completed in BLOCK LETTERS. For applicants who are non-residents in Malta for tax purposes, the relative box in Panel F must be completed.
3. The MSE account number pertaining to the existing MIH Bondholders, has been preprinted in Panel A and reflects the MSE account number on the respective register held at the CSD as at 30 May 2022 (trading session of the 26 May 2022). If an MSE account pertains to more than one person (including husband and wife), the full details of all individuals must be given in Panels A and B but the first named bondholder shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 6 below). Applications by more than two persons are to use the Addendum to the Application Form.

Upon submission of an Application Form, Bondholders who opt to have an online e-portfolio facility (by marking the relative box in Panel A), will receive by mail at their registered address a handle code to activate the new e-portfolio login. Registration for the e-Portfolio facility requires a mobile number to be provided on the Application Form. The Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio may be found on <https://eportfolio.borzamalta.com.mt/Help>.
4. Applications in the name and for the benefit of minors shall be allowed provided that the applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Company has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years. Panel C must be inserted with full details of the parents/legal guardians.
5. In the case of a body corporate, a valid Legal Entity Identifier ("LEI") needs to be inserted in Panel A. **Failure to include a valid LEI code, will result in the Application being cancelled by the Registrar.** Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.
6. **EXISTING MIH BONDHOLDERS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED BY THE MALTA STOCK EXCHANGE IN THE MSE ACCOUNT QUOTED ON THIS APPLICATION FORM EVEN IF THE DETAILS OF SUCH MSE ACCOUNT NUMBER, AS HELD BY THE CSD OF THE MALTA STOCK EXCHANGE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF. A SEPARATE REQUEST BY THE APPLICANT TO CHANGE THESE DETAILS AS RECORDED AT THE MSE, WILL HAVE TO BE EFFECTED.**
7. Where a decision to invest is taken by a third party authorised to transact on behalf of the Applicant (a "decision maker") such as an individual that holds a power of attorney to trade on the Applicant's account or applications under a discretionary account, details of the decision maker need to be included in Panel C.
8. Where an MSE account number is held subject to usufruct, Panel C needs to be completed and both the bare owner/s and the usufructuary/ies are to sign this Application Form.
9. **Applications must be for a minimum subscription of €5,000 and thereafter in multiples of €100 and must be accompanied by the relevant subscription amount in Euro.**
10. Only Applicants who hold a valid official Maltese Identity Card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have final withholding tax, currently 15%, deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but will be obliged to declare interest so received in the tax return. The Company will render an account to the Maltese Commissioner for Revenue of all interest paid, all amounts of tax deducted by the payor in respect of the interest paid and of the identity of all such recipients. Interest received by non-resident Applicants is not taxable in Malta and non-residents will receive interest gross. Authorised entities applying in the name of a prescribed fund will have final withholding tax (currently 10%), deducted from interest payments.

In terms of Section 7.2 of the Securities Note, unless the Company is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Cap. 123 of the laws of Malta), interest shall be paid to such person net of final withholding tax, (currently 15%) of the gross amount of interest, pursuant to article 33 of the Income Tax Act (Cap. 123 of the laws of Malta).
11. Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Director General Inland Revenue, Malta, who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the Council Directive 2014/107/EU, of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation.

The contents of Notes 10 and 11 above do not constitute tax advice by the Company and Applicants are to consult their own independent tax advisors in case of doubt.
12. Interest, refund and redemption proceeds will be credited to the account indicated in Panel G or as otherwise amended by the Bondholder/s during the term of the Bond.
13. The Issue Period will open at 08:30 hours on 8 June 2022 and will close at 12:00 hours on 21 June 2022. Application for Bonds may be lodged with any Authorised Financial Intermediary listed in Annex IV of the Securities Note during normal office hours. Remittances by post are made at the risk of the Applicant and the Company disclaims all responsibility for any such remittances not being received by the date of closing of the subscription lists. If any Application is not accepted after the closure of the subscription lists or is accepted for fewer Bonds than those applied for, the monies equivalent to the number of Bonds not being accepted will be returned by direct credit into the IBAN specified in panel G.
14. By completing and delivering an Application Form you (as the Applicant(s)) acknowledge that:
 - a. the Company or its duly appointed agents including the CSD and the Registrar, may process the personal data that you provide in the Application Form in accordance with the Data Protection Act (Cap. 586 of the laws of Malta) and the General Data Protection Regulation (GDPR) (EU) 2016/679 as amended from time to time;
 - b. the Company may process such personal data for all purposes necessary for and related to the Bonds applied for; and
 - c. you, as the Applicant, have the right to request access to and rectification of the personal data relating to you, as processed by the Company.

Any such requests must be made in writing and addressed to the Company. The request must be signed by yourself as the Applicant to whom the personal data relates.

The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds on offer will be repayable in full upon redemption. An investor should consult an independent financial advisor, licensed under the Investment Services Act (Cap. 370 of the laws of Malta), for advice.

The equity contribution that MIH has in Medina Tower is denominated in Libyan Dinars (LYD). At the start of 2021, MIH's investment in Medina Tower was adversely impacted by the devaluation of the Libyan Dinar. As such, the conversion of MIH's equity stake to Euro resulted in a difference on exchange losses of €6.9 million. This loss was partly offset by the recognition of an uplift in fair value of said investment (arising from a revaluation of the land) of €2.7 million.

6.1 Palm City Residences

Palm City Limited is a wholly owned subsidiary of the Issuer and operates the Palm City Residences, a 413-unit village that includes residences ranging from one-bedroom apartments to four-bedroom semi-detached villas. The site, which is located in Janzour Libya, has a footprint measuring 171,000m² (out of which the built-up area is 141,000m²) and a shorefront of *circa* 1.3 km. The village-type complex offers a host of amenities and leisure facilities that include a piazza, supermarket, a variety of retail shops, a laundry, a health clinic and a number of catering outlets and cafes. The development also features numerous indoor and outdoor sports facilities, including a fully equipped gym, squash court, tennis courts, an indoor pool, water sports facilities and an outdoor swimming pool.

CPHCL holds legal title to the land on which the Palm City Residences is constructed by virtue of a 99-year lease agreement dated 5 July 2006. Pursuant to a Build-Operate-Transfer Agreement entered into by and between CPHCL and PCL, PCL was engaged by CPHCL to undertake the construction and operations of the complex. Under the Build-Operate-Transfer Agreement, PCL will operate the residences at its own risk and for its own benefit until 2071. Upon expiry of this agreement, PCL will be required to transfer the operations back to CPHCL for the remaining useful life of the lease until 2105.

PCL and CPHCL have applied to the competent authority in Libya, the Libyan Investment Board, for approval of the assignment of the 99-year lease, which expires on 4 July 2105, from CPHCL to PCL. Both parties have agreed that once approval is granted, the Build-Operate-Transfer Agreement will be terminated.

The following table provides an analysis of revenues generated by the Palm City Residences for the years indicated therein:

Palm City Residences	2019	2020	2021
as at 31 December	€'000	€'000	€'000
Revenue			
Income from residential leases	24,173	22,988	21,416
Income from commercial leases	1,210	871	969
Income from food & beverage operations	814	914	469
Other income	1,064	822	1,124
	27,261	25,595	23,978
Average occupancy	55.2%	51.7%	51.7%
RevPAU (revenue in EUR per unit per month)	4,877	4,638	4,321

Source: Management information

Throughout the years under review, Palm City Residences was the only operational asset of the Group. Until the conflict that erupted in April 2019, Palm City Residences was registering month-on-month increases in occupancy, reaching a milestone figure of 60.2% in May 2019. RevPAU generated by Palm City Residences in FY2019 amounted to €4,877 and registered average occupancy for the year of 55.2%.

Travel restrictions imposed in consequence of the global pandemic in 2020 adversely impacted short-term leases during the same year which resulted in a decrease of 5% in RevPAU, from €4,877 in FY2019 to €4,638 in FY2020, and a decrease of 350 basis points in average yearly occupancy to 51.7% (FY2019: 55.2%). In FY2021, Palm City Residences maintained occupancy level at 51.7% (FY2020: 51.7%) but RevPAU decreased by 7% (y-o-y) to €4,321 principally on account of the devaluation of the Libyan Dinar which had a negative impact on revenues from leases to Libyan government bodies contracted in the said currency. Overall, revenue in FY2021 decreased by €1.6 million (-6%) from the prior year to €24.0 million.

The occupancy mix has historically been predominantly composed of leases concluded with Embassies, NGOs and Oil & Gas companies, which took up 75% of the leased units in FY2019 but steadily declined to 62% in FY2021. In FY2020, there was a notable shift in units occupied by other entities and businesses which increased to 14% (FY2019: 8%) and further increased to 17% in FY2021. Similarly, the portion of units leased to government bodies increased to 17% compared to 11% in FY2019 and remained at same level in the subsequent financial year. On the other hand, lease of units to NGOs decreased from 41% in FY2019 to 30% and 23% in FY2020 and FY2021 respectively. These shifts resulted in a more diversified occupancy mix in FY2021.

Palm city Residences

Lease Contract Term	FY2019	FY2020	FY2021
Short term (<1year)	20%	23%	23%
Medium term (1 year)	42%	44%	47%
Long Term (2 to 5 years)	38%	33%	30%

Source: Management information

Short and medium term leases have been steadily increasing throughout the period under review, with 70% of tenants having a binding lease agreement of one year or less in FY2021, compared to 62% and 67% in FY2019 and FY2020 respectively. On the other hand, 30% of tenants opted to go for long term lease agreements, which is a decrease of 8 percentage points compared to FY2019 (38%). This suggests a shift from long term to short and medium term agreements due to the uncertainties in relation to the instability in Libya and the impact of COVID-19.

The competitive edge that Palm City Residences has over other similar residential compounds has always been its location, high operating standards and security features, given its proximity to Tripoli but secluded in terms of security features. Despite some indirect competition from smaller scale entrepreneurs, including security companies who might choose to offer inhouse accommodation to their clients as part of a security service package, it is well-clear that to date, no other compound offers the same level of lifestyle, top-quality service, security and the extent of facilities, both leisure and commercial, to its residents, as those enjoyed at Palm City Residences.

Management believes that the Group enjoys a dominant market position and although Palm City Residences suffered from a significant decline in occupancy levels in previous years in consequence of events prevailing on the ground, it remained operational at all times, maintained in pristine condition and is closely monitored by management.

6.2 Palm Waterfront

Palm Waterfront Ltd is a wholly owned subsidiary of MIH and is responsible for the future development and operation of the Palm Waterfront pursuant to a Build-Operate-Transfer Agreement entered into with CPHCL in December 2013. The Palm Waterfront site is located in Shuhada Sidi Abuljalil, Janzour, Libya adjacent to the Palm City Residences.

The site has a footprint of *circa* 64,000m² and the planned development shall include a 150 room 4-star hotel, 332 residential units for lease or sale, 3,400m² of office space, 4,000m² of commercial and entertainment facilities and a 117-berth yacht marina with facilities. The execution of this project is currently on hold.

6.3 Medina Tower

In 2010, MTJSC was set up for the purpose of owning and developing the Medina Tower. The shareholders of MTJSC are MIH, IHI, AUCC and AHCT, having a shareholding of 25% each (the latter two companies were formerly known as Economic Development and Real Estate Investment Company [EDREICO]). The parcel of land over which this project will be developed measures *circa* 13,000m² and is situated in Tripoli's main high street. The architectural concept stems from a 4-storey podium that will include a mix of residential, retail, commercial and conference space. A curved tower rises from the sixth level and peaks at the fortieth level, where a double height restaurant will complete the property. The development will comprise a total gross floor area of *circa* 199,000m².

The project designs of the Medina Tower are complete and all development approvals have been obtained from the relevant authorities. As to the financing of the project, the equity contribution for the first phase of this project is already fully paid up and will comprise 40% of the capital requirements of the said project. The remaining 60% of funding will be derived from a Libyan financial institution in terms of a sanction letter that has been approved and signed, but now needs to be reactivated.

The execution of this project is currently on hold.

7. Country Overview

Following a significant economic contraction in 2020 of about 31%, Libya's hydrocarbon sector, and in turn its economy overall, witnessed a strong rebound in 2021. The lifting of the oil blockade in late 2020 and the resilience of global oil prices led to an increase in hydrocarbon export receipts and thereby an improvement in the country's trade and current account balances. While Libya's protracted liquidity crisis persists, particularly in eastern and southern parts of the country, there has been some improvement in 2021. In January 2021, the foreign exchange tax was abolished, resulting in a significant narrowing of the gap between the official and parallel market exchange rates. While the devaluation has improved macro-economic stability, the adverse impact on purchasing power has been felt throughout the population, particularly affecting the poor.¹

Libya is currently facing a new phase of political polarisation, which risks dividing its institutions once again and reversing the gains achieved over the past two years. Elections scheduled for December 2021 were postponed with the country's National Elections Commission citing inadequacies in electoral legislation and challenges related to candidates' eligibility.

In February 2022, the country's eastern-based House of Representatives voted to designate a new Prime Minister and government, over the objections of the internally recognised Prime Minister, Abdul Hamid Dbeiba, who refused to step down. Nevertheless, the House of Representatives went forward with the formation of a new government, designating Fathi Bashagha, a former Minister of Interior, as the new Prime Minister. On 24 February 2022, the High State Council – based in the internationally recognised administration's centre of government in Tripoli and born out of the UN-supported Libyan Political Agreement of 2015 – rejected the parliamentary declaration, setting up a serious impasse that is now once again ramping up tensions in the conflict-wrought nation.²

The underlying political and economic division of the country has complex roots and competing international influences can make a difference in outcomes. With major uncertainties associated with these dynamics, projecting future economic trends is a daunting task.

In addition to the conflict-driven challenges and neglect, Libyans are also increasingly affected by the COVID-19 pandemic. With relaxation of containment measures, the spread of the virus has accelerated. This problem is probably under-monitored and compounded by an incapacitated health sector.

PART 2 – GROUP PERFORMANCE REVIEW

The financial information provided hereunder is extracted from the audited consolidated financial statements of MIH for the years ended 31 December 2019, 31 December 2020 and 31 December 2021. The forecast financial information for the years ending 31 December 2022 and 31 December 2023 has been provided by management of the company.

Projections

The projected financial information relates to events in the future and is based on assumptions which the Group believes to be reasonable. However, the actual outcome may be adversely affected by unforeseen situations particularly during this uncertain period of the pandemic where new variants are regularly emerging, and the variation between forecast and actual results may be material.

Furthermore, the political situation in Libya, which has remained unstable during the current financial year, is a cause of uncertainty.

Notwithstanding the above, Management has seen a rise in demand for units at Palm City Residences, with a steady inflow of enquiries and regular interaction with major oil and gas companies as well as various embassies and NGOs. Management is anticipating that conditions in Libya will continue to improve and should recover to pre-war levels by FY2025.

Notwithstanding the political instability in Libya and the impact of the COVID-19 pandemic, MIH registered positive income and occupancy levels over the three-year period (FY2019 – FY2021) when compared to FY2018 (revenue amounted to €18.9 million while occupancy level was at 39%). In FY2020, revenue decreased by 6% (y-o-y) to €25.6 million due to the impact of the COVID-19 pandemic, while in FY2021 a further decrease of 6% was registered mainly on account of the devaluation of the Libyan Dinar at the start of the same year. Occupancy level was unchanged in FY2021 compared to the prior year (51.7%) but was 350 basis points lower than that achieved in FY2019 (55.2%).

A similar decline of 6% was recorded at EBITDA level in FY2021 and amounted to €16.9 million compared to €17.9 million in FY2020 (-€1.0 million). In FY2021, results from operating activities were higher y-o-y by €0.5 million on account of an increase in other income of €1.5 million which related to a reversal of over-estimated accrued interest on bank loan balances. As such, operating profit margin improved from 72% in FY2020 to 79% in FY2021, in consequence of the above-mentioned reversal of accrued interest, which is a one-time event.

During the last financial year, share of results of equity accounted investments amounted to €2.7 million (FY2020: €3,000) principally reflecting an uplift in the fair value of the land earmarked for the development of the Medina Towers.

Net finance costs increased substantially in FY2021 from €4.5 million in the prior year to €8.4 million. The said increase is due to a one-time loss on exchange of €3.6 million arising in converting monetary assets and liabilities denominated in Libyan Dinars to Euro. As such, interest cover decreased y-o-y from 3.97 times in FY2020 to 2.01 times in FY2021, in consequence of this one-time loss on exchange which arose because of a significant devaluation of the Libyan Dinar at the beginning of the year.

In FY2021, profit before tax decreased by €0.6 million (-4%) to €13.2 million. Overall, profit for the year amounted to €10.7 million compared to €25.0 million in FY2020 (which includes a reversal of an over-provision in previous years for income tax on account of a reduction in the overall tax from 35% to 19%).

In the forward years, Management has projected that occupancy levels should increase to 58.0% in FY2022 from 51.7% in FY2021 and improve further to 73.4% in FY2023. As a result, revenue generated in FY2022 and FY2023 is expected to increase by €3.5 million (+15%) and €8.7 million (+32%) respectively. Gross profit margin is projected to decrease by 2 percentage points to circa 80% (FY2021: 82%).

Due to the positive impact of non-recurring income of €2.1 million in FY2021, operating profit is projected to remain unchanged in FY2022 at €18.9 million but should increase substantially by 34% in the subsequent year to €25.4 million.

Net finance costs are projected to continue to decrease as borrowings steadily decline in the years to come. As such, net finance costs are expected to amount to €3.8 million and €3.3 million in FY2022 and FY2023 respectively, compared to €4.8 million in FY2021 (excluding the one-time loss on exchange referred to above). Due to decreasing borrowing costs, interest cover should strengthen significantly from 2.01 times in FY2021 to 5.09 times in FY2022 and 7.88 times in FY2023.

Overall, MIH expects to increase profits in FY2022 by 12% to €11.9 million and thereafter by 44% to €17.2 million. The projections assume that net profit margin will be maintained above 40%, specifically 43% in FY2022 and 47% in FY2023 (FY2021: 45%).

Intangible assets comprise a trademark of Palm City Ltd that was registered in December 2009.

Non-current assets amounted to €290.1 million in FY2021 and principally comprise the Palm City Residences, the Palm Waterfront site and the 25% shareholding in Medina Tower J.S.C. These assets are described in section 6 of this report. No material changes are expected in this regard in the projected financial years.

During the three years under review, retained earnings increased by €21.1 million (net of dividends declared in FY2020 of €10 million) from €119.5 million in FY2019 to €140.6 million in FY2021, reflecting the yearly profitability of the Group. In view of the projected profitability of the Group, retained earnings are expected to increase by 8% and 11% in each of the forward years and reach €169.6 million in FY2023 (+€29.0 million over FY2021).

Net debt in FY2021 amounted to €70.0 million, an increase of €3.1 million from the prior year (FY2020: €66.9 million). During the year, MIH repaid a €12 million 6% unsecured bond due in 2021 and settled €7 million of the above-mentioned dividend payable. The gearing ratio of the Group was unchanged at 27%.

In FY2022, MIH is anticipating that it will refinance €30 million out of €40 million outstanding bonds due in the current year from a new issue of bonds, that will result in a €10 million reduction in net debt. A further €10 million of borrowings are projected to be repaid in FY2023. Accordingly, the gearing ratio is projected to decrease from 27% in FY2021 to 16% in FY2023.

The liquidity ratio weakened to 0.35 times in FY2021 from 0.89 times in the prior year, mainly due to the reclassification of €40 million 5% bonds from non-current liabilities to current liabilities as they become due within the next 12 months. Such ratio is expected to improve to 0.51 times in FY2022 and 2.06 times in FY2023.

Net cash from operating activities are principally generated from the operations at Palm City Residences which are analysed in section 6 of this report. In FY2021, the €5.9 million y-o-y decrease in cash generated from operations principally related to adverse net changes in working capital. In FY2022 and FY2023, MIH expects to generate net cash of €42.3 million (in aggregate) from operations.

Investing activities during the reviewed period relate to capital expenditure undertaken at Palm City Residences. In FY2021, capex was minimal at circa €85,500. Expenses of a capital expenditure are projected to amount to €0.80 million in FY2022 and €0.25 million in FY2023.

During FY2019 and FY2020, the Group repaid €11.8 million of bank loans, shareholders’ loan and bonds in consequence of healthy cash inflows. Furthermore, interest paid in the same period amounted to €10.3 million. The remaining €0.2 million related to payments for lease obligations. In FY2021, the Group fully repaid the €11.95 million 6% bonds 2021 which became due. MIH also paid interest amounting to €5.0 million and paid €7.0 million as dividends to shareholders out of the total approved dividends of €10 million.

In FY2022, MIH is projecting to fully repay a LAFICO loan amounting to €5 million, repay €10 million of outstanding bonds, settle the remaining balance of dividends amounting to €3.0 million and pay interest amounting to €3.9 million. In FY2023, MIH expects to repay €10 million of outstanding bonds and pay interest amounting to €3.2 million.

Variance analysis

The following financial information relates to the variance analysis between the forecast financial information for the year ended 31 December 2021 included in the prior year's Financial Analysis Summary dated 25 June 2021 and the audited consolidated financial statements for the year ended 31 December 2021.

Mediterranean Investments Holding p.l.c.

Income Statement	FY2021	FY2021

Taxation	(2,525)	(2,888)	363
Profit for the year	10,674	6,581	4,093

As presented in the above table, actual profit for the year was higher than forecast by €4.1 million, principally on account of the following:

- Other income was higher than expected by €1.8 million due to a reversal of accrued interest on a bank loan which was confirmed not to be due on final settlement.
- Share of results of equity accounted investments related to MIH's 25% equity participation in MTJSC. During the year, MIH recognised a gain of €2.7 million arising from a revaluation of the land held for development by MTJSC. This uplift could not be determined at the forecast stage as such movements are determined at year end.

The material variances between the actual and forecast statement of financial position are as follows:

1. The lower value of investment property relates to planned capital expenditure which has been postponed and therefore not undertaken during the year.
2. MIH recognised a property revaluation of €2.7 million which gain was offset by the difference on exchange losses (Libyan Dinar to Euro) amounting to €6.9 million. Such movements had an effect on deferred taxation.
3. Trade & other receivables and trade & other payables were higher than projected by €2.7 million and €2.4 million respectively.

Actual net movement in cash and cash equivalents was higher than projected by €1.6 million, analysed as follows:

- Net cash generated from operating activities was lower than expected by €2.6 million.
- Projected capital expenditure amounting to €1.3 million was not undertaken during the year.
- In financing activities, the approved dividend to shareholders amounting to €10 million was expected to be settled in full. In fact, €7 million was paid to shareholders during FY2021 and the remaining balance of €3 million is expected to be settled in FY2022, cash flow permitting.

Forecast interim financial information

Set out below are the forecast interim financial results of the Issuer for the six-month period 1 January to 30 June 2022 and the comparative unaudited interim financial results of the Issuer for the period 1 January to 30 June 2021.

Mediterranean Investments Holding p.l.c.

Income Statement	1 Jan to 30 Jun'21	1 Jan to 30 Jun'22
(€'000)	Actual	Forecast
Revenue	11,816	12,616

Net operating expenses	(3,656)	(3,991)

Net finance costs	(5,212)	(2,184)
Profit before tax	2,948	6,441
Taxation	(1,114)	(1,316)
Profit for the period	1,834	5,125

During the interim period ending 30 June 2022, revenue is expected to increase by 6.8% (+€0.8 million) over the same period in 2021 to €12.6 million (2020: €11.8 million), primarily on account of an increase in occupancy levels at the Palm City Residences. This revenue increase is expected to be reflected at operating profit level which is projected to amount to €8.6 million compared to €8.2 million in 2021 (+5.7% or €0.4 million).

Net finance costs are projected to decrease from €5.2 million in 2021 to €2.2 million. In the prior period, net finance costs included a circa €2.5 million provision for exchange losses recognised on assets and liabilities expressed in Libyan Dinar on the devaluation of the said currency in early January 2021. Excluding this exceptional item, net finance costs are expected to decrease by circa €0.5 million pursuant to the reduction in outstanding borrowings.

Overall, MIH is expected to report a net profit for the period of €5.1 million, an increase of €3.3 million over the comparable period in 2021.

Cash and cash equivalents at end of year	8,632	14,225

During the six-month period ending 30 June 2022, MIH is projected to generate net cash inflows from operating activities (being principally the operations at Palm City Residences) amounting to €9.1 million compared to net cash outflows of €210,000 in the same

period a year earlier. Management has assumed that cash flows from operating activities during the forecast period will not be impacted by any movements in working capital.

Investing activities during the reviewed period will relate to capital expenditure at Palm City Residences, which is expected to amount to €0.6 million (2021: cash outflows of €3,000).

In the reviewed period, MIH is projecting to fully repay a LAFICO loan of €5.0 million. Furthermore, interest paid on this loan is expected to amount to €0.2 million. During the first half of 2021, net cash used in financing activities amounted to €16.8 million and included the repayment of €11.95 million 6% bonds 2021, dividend payments of €4.0 million and interest payments of €0.84 million.

PART 4 - EXPLANATORY DEFINITIONS

INCOME STATEMENT

Revenue	Total revenue generated by the Group from its business activities during the financial year, including residential & commercial leases, food & beverage, and other services.
Net operating expenses	Operating expenses include all direct and other operating costs, selling & marketing and general & administration expenses.
Gross profit	Gross profit is the difference between revenue and direct costs. It refers to the profit made by the Group before deducting operating costs, depreciation & amortisation, finance costs, impairment provisions, share of profits from associate companies and other operating costs.

EBITDA	EBITDA is an abbreviation for earnings before interest, tax, depreciation and amortisation. EBITDA can be used to analyse and compare profitability between companies and industries because it eliminates the effects of financing and accounting decisions.
Share of results from equity accounted investments	IHI owns minority stakes in a number of companies (less than 50% plus one share of a company's share capital). The results of such companies are not consolidated with the subsidiaries of the Group, but the Group's share of profit is shown in the profit and loss account under the heading 'share of profit from equity accounted investments'.
Profit after tax	Profit after tax is the profit made by the Group during the financial year both from its operating as well as non-operating activities.

KEY PERFORMANCE INDICATORS

Occupancy level	Occupancy level is the percentage of available units that were sold during a given period of time. It is calculated by dividing the number of units sold by total number of units available.
RevPAU	Revenue per average unit rate is calculated by dividing unit revenue by units leased. Palm City Residences uses this measure to calculate revenue generated per unit on a monthly basis.

PROFITABILITY RATIOS

Gross profit margin	Gross profit margin is the difference between revenue and direct costs expressed as a percentage of total revenue.
Operating profit margin	Operating profit margin is operating income or EBITDA as a percentage of total revenue.
Net profit margin	Net profit margin is profit after tax achieved during the financial year expressed as a percentage of total revenue.

EFFICIENCY RATIOS

Return on equity	Return on equity (ROE) measures the rate of return on the shareholders' equity of the owners of issued share capital, computed by dividing profit after tax by shareholders' equity.
Return on capital employed	Return on capital employed (ROCE) indicates the efficiency and profitability of a company's capital investments, estimated by dividing operating profit by capital employed.
Return on assets	Return on assets (ROA) is computed by dividing profit after tax by total assets.

EQUITY RATIOS

Earnings per share	Earnings per share (EPS) is the amount of earnings per outstanding share of a company's share capital. It is computed by dividing net income available to equity shareholders by total shares outstanding as at balance sheet date.
--------------------	---

CASH FLOW STATEMENT

Cash flow from operating activities	Cash generated from the principal revenue-producing activities (leases, food & beverage, other services, etc) of the Group.
Cash flow from investing activities	Cash generated from activities dealing with the acquisition and disposal of long-term assets and other investments of the Group.
Cash flow from financing activities	Cash generated from the activities that result in change in share capital and borrowings of the Group.

BALANCE SHEET

Non-current assets	Non-current asset are the Group’s long-term investments, which full value will not be realised within the accounting year. Non-current assets are capitalised rather than expensed, meaning that the Group allocates the cost of the asset over the number of years for which the asset will be in use, instead of allocating the entire cost to the accounting year in which the asset was purchased. Such assets include property, plant & equipment, investment properties (Palm City Residences), and investments accounted for using the equity method (investment in Medina Tower).
Current assets	Current assets are all assets of the Group, which are realisable within one year from the balance sheet date. Such amounts include accounts receivable, inventory (food, beverages, consumables, etc), cash and bank balances.
Current liabilities	All liabilities payable by the Group within a period of one year from the balance sheet date, and include accounts payable and short-term debt, including current portion of bank loans.
Non-current liabilities	The Group’s long-term financial obligations that are not due within the present accounting year. The Group’s non-current liabilities include long-term borrowings, bonds and taxation.
Total equity	Total equity includes share capital, reserves & other equity components, retained earnings and minority interest.

FINANCIAL
STRENGTH RATIOS

Liquidity ratio	The liquidity ratio (also known as current ratio) is a financial ratio that measures a company’s resources to pay its debts over the next 12 months. It compares a company’s current assets to its current liabilities.
Interest cover	The interest coverage ratio is calculated by dividing a company’s operating profit of one period by the company’s interest expense of the same period.
Debt service cover ratio	The debt service cover ratio measures a company’s ability to service its current debts by comparing its net operating income with its total debt service obligations.
Net assets per share	Is calculated by dividing the total net asset value of the company by the number of shares outstanding.
Net debt to EBITDA	The net debt to EBITDA ratio is a measurement of leverage, calculated as a company’s interest bearing liabilities minus cash or cash equivalents, divided by its EBITDA. This ratio shows how many years it would take for a company to pay back its debt if net debt and EBITDA are held constant.
Gearing ratio	The gearing ratio indicates the relative proportion of shareholders’ equity and debt used to finance a company’s assets, and is calculated by dividing a company’s net debt by net debt plus shareholders’ equity. Alternatively, the gearing ratio can be calculated by dividing a company’s net debt by shareholders’ equity.
